This academic catalog is a source of valuable information regarding the responsibilities, obligations, and privileges of students attending Dawn Career Institute.

Since the programs, policies, and statements contained herein are subject to continuous review and evaluation, the school reserves the right to make changes at any time without notice. This publication is for information only and does not constitute an offer of a contract, either stated or implied.

Students are responsible for being familiar with the provisions of the catalog and all requirements established by the school.

# General Information

## Campus Information

252 Chapman Road  
Newark, DE 19702

Phone: 302-273-3560  
Fax: 302-533-7673

## History

Dawn Career Institute is a private post-secondary institution of higher education serving Delaware, south-central and south-eastern Pennsylvania, and northern Maryland. The school offers both campus-based and online career-focused diploma programs, leading to professional certifications and licenses in a variety of healthcare, trades, and wellness fields.

Dawn Career Institute (DCI) was founded in 1976 as Dawn Aeronautics Flight School by Hollis C. and Mary-Fran Anglin. In 1992, the school's curriculum was expanded to include its first non-aviation related program titled Health Insurance Claims Examiner Program. The Institution's name was changed from Dawn Aeronautics to Dawn Training Institute on July 1993. The school name changed again to Dawn Career Institute, Inc. in October 2009. On November 4, 2015, Dawn Career Institute, LLC (d/b/a Dawn Career Institute) purchased the assets of Dawn Career Institute, Inc. Dawn Career Institute, LLC is owned by Education Evolve, LLC.

DCI has grown significantly from its aviation beginning 40 years ago, and now serves a growing population of students across 6 diploma programs and 2 short-term certification programs. Dawn Career Institute remains committed to providing an environment that enables students to thrive in the pursuit of their personal and career goals, while meeting the employment needs of businesses in the tristate region.

## Mission Statement

Dawn Career Institute prepares committed students for entry-level and rewarding careers with community employers through hands-on technical training.

## Educational Objectives

The following goals and objectives facilitate the mission to meet the needs of students, the Institution, and community partners.

Dawn Career Institute will:

- Recruit and retain quality instructors, by providing professional development of faculty to foster strong mentorship and role modeling to students for the effective preparation of graduates to perform job duties according to contemporary practice.
- Provide resources enhancing student learning outcomes, including the maintenance of quality classroom equipment, innovative learning environments, student support services, and administrative leadership including the monitoring of each student's satisfactory academic and attendance progress throughout his/her program.
- Remain committed to ongoing program and institutional assessment for continuous improvement of programs and the institution. Assessment will include analyzing student outcomes (retention, job placement), student satisfaction, graduate and employer surveys, and Program Advisory Committee input to aid in updating and improving the curriculum and delivery of instruction.

## Accreditation

DCI is accredited by the Accrediting Commission of Career Schools and Colleges (ACCSC). It is approved by the State of Delaware Department of Education as a Private Business and Trade School and for Veteran's (VA) training. The Institution is also approved by the U.S. Department of Education to administer Title IV Pell Grants, Direct Student Loans (DSL), and Parent Loans for Undergraduate Students (PLUS).

## National Certification/State Licensure

Earning a diploma from DCI makes graduates eligible to sit for the certification exam in their fields. The school does not sponsor or endorse any particular certification. However, the school is a testing site for the National Healthcare Association (NHA). DCI strongly encourages students to take a nationally recognized certification exam or state licensure, depending on the program completed. Passing the certification exam or state licensure for their area of study gives students a recognized credential, respect in their field, and professional mobility. Certification recipients will be reviewed as a more desirable potential employee.

## Equal Educational Opportunity

The school affirms a policy of equal employment opportunity, equal educational opportunity, and nondiscrimination with its services to the public. The school will make all decisions regarding recruitment, hiring, promotion, and all other terms and conditions of employment without discrimination on grounds of race, color, creed or religion, sex, national origin, age, disability, genetic information or other factors which cannot lawfully be the basis for an employment decision. The school also does not discriminate because of a student's or prospective student's race, color, creed or religion, sex, national origin, age, disability or other characteristics which cannot lawfully be the basis for provision of such services. Applicants with disabilities should discuss individual needs with admissions prior to enrolling.

The school adheres to the provisions of the following federal laws: (a) the Higher Education Act of 1965, (b) Section 504 of the Rehabilitation Act of 1973 and (c) the Family Educational Rights and Privacy Act of 1974. Inquiries concerning the application of these laws may be referred to the Campus President.

## Title IX Compliance

The school's Title IX coordinator is responsible for overall compliance with Title IX, including response to reports of sexual misconduct affecting the campus community. Questions regarding the application of Title IX and the schools' compliance with it should be directed to the Title IX coordinator, the Dean of Education. Students wishing to make a report of sexual misconduct affecting the campus community should follow the grievance procedure published in the catalog.

## Consumer Information

The Higher Education Act of 1965, amended by the Higher Education Opportunity Act of 1998, and the Family Educational Rights and Privacy Act of 1974 require institutions to provide annual notices to students of the availability of consumer information. This information may include:

- Retention, graduation, and licensure rates;
- Financial assistance available to students who qualify and the requirements and restriction on Title IV Aid;
- Campus crime statistics;
- And other information such as cost of attendance, accreditation, academic program data, facilities and resources for disabled students, and withdrawal/refund policies.

In addition to any annual notices, students and the public can access disclosure information online on the school's website: [www.dawncareerinstitute.edu](http://www.dawncareerinstitute.edu).

## Drug and Alcohol Policy

The campus is committed to the development and implementation of a comprehensive drug and alcohol-free program to create a cost-effective, safe, and healthy workplace and school. Therefore, the campus has adopted a "Drug and Alcohol-Free Program" in compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989 (including Section 22, Drug-Free Schools and Campuses). This program is consistent with guidelines developed by the Substance Abuse and Mental Health Services Administration (SAMSHA) and is intended to cover both employees of the institution and students who are attending classes and working in clinical rotation sites and other campus-arranged workplace experiences. Use or possession of alcohol and illegal use or possession of illicit controlled drugs or being under the influence of these substances while on campus premises or while engaged in institution-sponsored activities is prohibited.

## Standards of Conduct

- Consumption of alcohol is prohibited on all campus and externship/clinical sites.
- Drug usage, other than over-the-counter drugs and prescription medications used in accordance with a doctor's prescription, is prohibited while serving as an employee or student representative of the Institution, whether on- or off-campus.
- The unlawful use, possession, manufacture, or distribution of controlled substances on any campus or externship/clinical site is strictly prohibited.
- The operation of any vehicle or machinery for institution business or training while under the influence of alcohol or drugs is strictly prohibited.
- The sale of drugs or alcohol on any campus or externship/clinical site is prohibited.
- The campus reserves the right to conduct drug and/or alcohol testing for pre-employment/enrollment, reasonable suspicion, and post-accident. In the case of an employee or student with a prior violation for drugs or alcohol or is subject to DOT rules, those individuals will be subject to random screening, and they will be notified of that condition.

Note: The term "Campus" also encompasses any school sanctioned activity/function.

## Sanctions

*Legal:* The Institution will comply with all federal, state, and local laws and policies regarding the abuse of alcohol and other drugs by its employees and students. In addition to disciplinary sanctions imposed by the institution, all employees and students should be aware that federal, state, and some local laws treat illegal possession, use, sale/distribution, or manufacturing of drugs or alcohol as serious crimes that can lead to imprisonment, fines, and assigned community service. Resulting convictions can prevent a person from entering certain fields of employment and may have to be listed on employment applications.

The possession, use, or distribution of illegal drugs is prohibited by federal law. There are strict penalties for drug convictions, including mandatory prison terms for many offenses. For a listing of federal offenses, penalties and sanctions, visit the Department of Justice / U.S. Drug Enforcement Administration- Office of Diversion Control website at <http://www.deadiversion.usdoj.gov/21cfr/21usc/index.html>.

*Institutional:* Sanctions the Institution will impose:

- Any employee or student found consuming alcohol or drugs on any campus or externship/clinical site shall be subject to disciplinary action.
- Any employee or student found using, possessing, manufacturing, or distributing illegal drugs or transferring alcohol or drugs during normal working/school hours on any campus or externship/clinical site shall be subject to disciplinary action.
- Any employee or student who reports to work or class under the influence of alcohol or drugs shall not be permitted to remain on campus or the externship/clinical site and will be escorted home. The employee or student shall also be subject to disciplinary action.
- Consistent with the Drug-Free Workplace Law, as a condition of employment, all employees are required to abide by the terms of this policy and notify Human Resources of any criminal drug conviction for a violation occurring in the workplace no later than five (5) days after such conviction.
- Compliance with this policy is considered a condition of employment and/or acceptance for study; therefore, if an employee or student violates this policy, discipline will be assessed accordingly and the individual could be subject to termination or expulsion or referral for prosecution.
- In all cases, the Institution abides by local, state, federal, and where applicable DOT sanctions regarding unlawful possession of drugs in prohibited areas and/or the use of alcohol by individuals who have not attained the legal drinking age. Any drug identified by the law as illegal is included in this program, as are legal prescription drugs used in a manner contrary to a doctor's prescription.
- In the event of a failure of a drug or alcohol screen, a DOT student or employee must be cleared by a substance abuse professional.

*Federal Financial Aid Penalties:* According to the Higher Education Act (HEA), students convicted for a drug offense that occurred during a period of enrollment while they were receiving federal financial aid may lose eligibility for federal aid. Federal aid includes Federal Pell and FSEOG Grants, Federal Work Study, Federal Direct Loans, Federal Direct PLUS Loans, and other financial assistance.

The Free Application for Federal Student Aid (FAFSA) asks students if they have been convicted of a drug-related offense. If the student answers "yes" to the question, then he or she will be sent a worksheet by the federal processing center to determine whether the conviction affects eligibility for aid. Should the financial aid office be notified that a student has been convicted of sale or possession of illegal drugs, financial assistance will be suspended immediately. If a conviction was reversed, set aside or otherwise rendered invalid, it does not count. Convictions occurring during periods of non-enrollment also do not count. In addition, any conviction received as a juvenile does not count, unless the student was tried as an adult.

Failure to answer the question automatically disqualifies students from receiving federal financial aid. Answering this question falsely could result in fines, imprisonment, or both.

*Penalties for Drug Convictions:* A federal or state drug conviction can disqualify a student for Federal Student Aid (FSA) funds. Convictions only count against student eligibility if they were for an offense that occurred during a period of enrollment for which the student was receiving FSA and they do not count if the offense was not during such a period, unless the student was denied federal benefits for drug trafficking by a federal or state judge. Also, a conviction that was reversed, set aside or removed from the student's record does not count nor does any conviction received as a juvenile count unless the student was tried as an adult.

#### *Possession of Illegal Drugs:*

- First offense: Loss of eligibility for federal financial aid for one year from the date of conviction.
- Second offense: Loss of eligibility for federal financial aid for two years from the date of conviction.
- Third offense and subsequent offenses: Indefinite ineligibility for federal financial aid from the date of conviction.

#### *Sale of Illegal Drugs:*

- First offense: Loss of eligibility for federal financial aid for two years from the date of conviction.
- Second offense and subsequent offenses: Indefinite ineligibility from the date of conviction.

Note: The student may regain eligibility the day after the period of ineligibility ends. If the student was convicted of both selling and possessing illegal drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period.

#### *How to Reduce the Period of Ineligibility or Regain Eligibility*

The student may shorten the period of ineligibility by:

- Successfully completing an approved drug rehabilitation program that includes passing two unannounced drug tests;
- Having the conviction reversed, set aside or otherwise rendered invalid.

Students who regain eligibility during the award year should notify the financial aid office immediately so that they might receive any eligible financial aid which they are entitled to receive.

It is the student's responsibility to certify that a rehabilitation program was successfully completed, as with the conviction question on the FAFSA. The Institution is not required to confirm the reported information unless conflicting information is determined.

*Qualified Drug Rehabilitation Program:* A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:

- Be qualified to receive funds from a federal, state, or local government agency or program, or from a state-licensed insurance company, or
- Be administered or recognized by a federal, state, or local government agency or court, or by a state licensed hospital, health clinic, or medical doctor

*Convictions for Offense That Occurred During Enrollment:* Federal regulations require an enrolled student convicted of a drug offense after receiving federal financial aid to notify Student Financial Services immediately. The student may be ineligible for further aid in that academic year and required to pay back all federal aid received after the date of the conviction. The Financial Aid Office will work with the student regarding all the available options.

## Counseling/Treatment

The Institution supports programs aiding in the prevention of substance abuse. Students and employees are encouraged to seek assistance for substance abuse problems. Many health insurance plans include drug, alcohol, and mental health services. If you need help in finding a treatment center, the Federal Substance Abuse & Mental Health Services Administration (SAMHSA) offers a free service to help locate a facility. The toll-free Treatment Referral Hotline can be reached 24 hours a day, 7 days a week: 1-800-622-HELP (4357). Their treatment facility location can be accessed online at <https://www.samhsa.gov/find-treatment>.

## Data and Health Risks

The entire section listed below comes directly from samsha.gov, 2020

### Alcohol

Data:

- The 2018 National Survey on Drug Use and Health reports that 139.8 million Americans age 12 or older were past month alcohol users, 67.1 million people were binge drinkers in the past month, and 16.6 million were heavy drinkers in the past month.
- About 2.2 million adolescents aged 12 to 17 in 2018 drank alcohol in the past month, and 1.2 million of these adolescents binge drank in that period (2018 NSDUH).
- Approximately 14.8 million people age 12 or older had an alcohol use disorder (2018 NSDUH).
- Excessive alcohol use can increase a person's risk of stroke, liver cirrhosis, alcoholic hepatitis, cancer, and other serious health conditions.
- Excessive alcohol use can also lead to risk-taking behavior, including driving while impaired. The [Centers for Disease Control and Prevention](#) reports that 29 people in the United States die in motor vehicle crashes that involve an alcohol-impaired driver daily.

### Opioids

Data:

- An estimated 808,000 people had used heroin in the past year, based on 2018 NSDUH data.
- In 2018, there were 10.3 million people age 12 or older who misused opioids in the past year. The vast majority of people misused prescription pain relievers (2018 NSDUH).
- An estimated 2.0 million people aged 12 or older had an opioid use disorder based on 2018 NSDUH data.
- Opioid use, specifically injection drug use, is a risk factor for contracting HIV, Hepatitis B, and Hepatitis C. The [CDC](#) reports that people who inject drugs accounted for 9 percent of HIV diagnoses in the United States in 2016.
- According to the [Centers for Disease Control and Prevention's Understanding the Epidemic](#), an average of 130 Americans die every day from an opioid overdose.

### Marijuana

Data:

- 2018 NSDUH data indicates that 43.5 million Americans aged 12 or older, 15.9 percent of the population, used marijuana in the past year.
- Approximately 4.4 million people aged 12 or older in 2018 had a marijuana use disorder in the past year (2018 NSDUH).

- Marijuana can impair judgment and distort perception in the short term and can lead to memory impairment in the long term.
- Marijuana can have significant health effects on youth and pregnant women.

### Emerging Trends in Substance Misuse:

- **Methamphetamine**—Methamphetamine use has risen in the United States. In 2018, NSDUH data show that approximately 1.9 million people used methamphetamine in the past year. Approximately 1.1 million people had a methamphetamine use disorder, which was higher than the percentage in 2016, but similar to the percentages in 2015 and 2017. The [National Institute on Drug Abuse](#) reports that overdose death rates involving methamphetamine have quadrupled from 2011 to 2017. Frequent meth use is associated with mood disturbances, hallucinations, and paranoia.
- **Cocaine**—In 2018, NSDUH data show an estimated 5.5 million people aged 12 or older were past users of cocaine, including about 775,000 users of crack. The [CDC reports](#) that overdose deaths involving have increased by one-third from 2016 to 2017. In the short term, cocaine use can result in increased blood pressure, restlessness, and irritability. In the long term, severe medical complications of cocaine use include heart attacks, seizures, and abdominal pain.
- **Kratom**—Kratom is a tropical plant that grows naturally in Southeast Asia with leaves that can have psychotropic effects by affecting opioid brain receptors. It is currently unregulated and has risk of abuse and dependence. The [National Institute on Drug Abuse](#) reports that health effects of Kratom can include nausea, itching, seizures, and hallucinations.

### Review and Distribution

This policy will be reviewed biennially (in even-numbered years) to determine its effectiveness. During the review, an analysis of the effectiveness of the methodology will be reviewed in addition to the sanctions imposed therein. The policy will be distributed to employees and students on an annual basis by October 1st. Employees and students will receive email notification annually from the Campus President or their designee.

### Facilities

The campus is located at 252 Chapman Road, Newark, Delaware, situated in Northern Delaware. The facility at DCI includes approximately 30,000 square feet of space. The facilities provide students access to a simulated work environment. All allied health programs are supported by a lab experience utilizing industry standard equipment and materials. The wellness programs are supported by a clinic and an esthetics lab, both of which are housed in the New Beginnings Spa. The Learning Resource Room is available to students for individual or group study during non-school hours and to promote group learning and research during school hours. The entire campus is Internet capable and promotes the use of multimedia learning through technology, including LCD projectors and networked computer systems in classrooms. Trades programs include an HVAC lab and lecture classrooms for both HVAC and CDL programs. DCI facilities also include lecture classrooms, a resource center, administrative offices, audio-visual equipment, and faculty and student lounges. The facility is a non-smoking facility. The DCI administrative offices can be reached by calling 302-273-3560. In addition to our main facility, the CDL programs utilize a satellite location to house vehicles and allow for students to practice their driving skills located at 1250 Porter Road in Bear, Delaware. DCI serves commuter students and does not provide housing facilities. However, the school welcomes all qualified students and assists those needing housing to locate accommodations.

## **Housing Assistance**

DCI does not maintain dormitory or other housing facilities. Students are advised to consult commercial rental agents and/or the local listings. Admissions Associates may assist prospective students by providing names and/or addresses of locations of local off-campus housing areas.

## **Classroom Technology**

DCI supports the use of classroom technology, specifically computer resources and the Internet, to enhance the learning experience. DCI provides Internet access to our students for legitimate classroom purposes, i.e. research for class projects, job searches, and planned classroom exercises only. Every student with access to these resources has a responsibility to use them in an ethical and productive manner; a manner reflecting well on themselves and the school. Use of all computer resources must be consistent with other DCI policies, including those related to sexual harassment, privacy, copyrights, trademarks, trade secrets, and the intellectual property of others.

## **Parking**

Students are to park in spots within the DCI parking area. Handicap spots are also available.

## **Carpooling**

DCI encourages students to coordinate ride sharing and can assist with the process. Any student interested in such an arrangement can speak with a DCI staff member to further discuss to aid in facilitating a carpool arrangement.

## **Bus Routes**

DCI is serviced by two routes. Routes 10 and 34 include DCI in their paths. Route schedules can be picked up in the admissions department.

## **Administrative Office Hours**

Regular business office hours are from 8:30 A.M. - 5:00 P.M., Monday through Friday. The extended hours are 5:00 PM to 8:00 PM, Monday through Thursday.

## **Web Address**

[www.dawncareerinstitute.edu](http://www.dawncareerinstitute.edu)

## **Emergency Policy and Procedures**

The school does not offer any health services except first aid, if necessary. All emergencies, medical or otherwise, should be immediately reported to a school administrator who will call 911 for assistance. If necessary, the student will be transported to a medical facility by EMS and the student's emergency contact person will be called.

If a student is injured at the school or a clinical/externship site, any expenses are the responsibility of the student.

## **Crime Awareness**

Students should report to the Campus President, or their designee, any criminal activities taking place in the campus or in the parking lot at the school. This does include any school-sponsored function. The Campus President will then report any criminal activity to the proper authorities.

## **Security Services**

DCI does not have a campus police or security department.

## **Notice of Availability of Annual Campus Safety and Security Report**

The annual report to complies with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act) as amended by the Violence Against Women Reauthorization Act of 2013. The full text of this report can be located on our web site at: <http://dawncareerinstitute.edu/Consumer-Information.php>. **Visitors Policy (Children in the Classroom)**

All visitors to the campus must check in at the front desk. Former students and employees must report to the reception desk in the main lobby prior to visiting any other classroom or workspace. To maintain an academic environment, DCI prohibits visitors in the classroom, the student lounges, and the Learning Resource Center without prior approval from the Dean of Education or designee. The policy applies to children of enrolled students. Children are not allowed in the classrooms, student lounges, Learning Resource Center, or any area in the school during business hours to protect the children and eliminate distractions for other students.

## **Personal Property**

Personal property is the sole responsibility of the student, and the school does not assume liability for any loss or damage. Clothing and all small items should be marked clearly with the student's name and address. Vehicles should always be locked to avoid theft.

## **Smoking/Vaping Policy**

DCI is a tobacco-free facility. Smoking/vaping is only allowed in designated outdoor areas of the school buildings. Use of tobacco of any kind is not permitted within the school. Smoking in non-designated areas is a violation of the school's code of conduct. Students may also not use electronic cigarettes or other vaping mechanisms while in the school.

## **Weapons and Firearms Policy**

For the safety of everyone at DCI, weapons and firearms are prohibited on DCI's campus.

## **Weather Emergencies / Inclement Weather**

In the event of inclement weather, information about school cancellation or a delayed opening will be emailed to students and posted on our Facebook page. The voice message system at DCI will have a recorded announcement. Information may also be found on [wdel.com](http://wdel.com). Decisions for morning classes will be determined by 6:00 a.m. If a delay has been announced for morning classes and conditions worsen, a final decision on morning class cancelations will be determined by 7:30 a.m. Afternoon classes will be determined by 10:30 a.m., evening classes by 3:30 p.m., and Saturday classes by 7:00 a.m. Classes will be rescheduled as needed. However, weather is a variable situation, and circumstances may dictate that decisions be made outside of the timelines identified in this section.

## **Identification Badge**

To help ensure the safety of everyone on the DCI campus, all students must have and display a valid student ID badge. Students receive ID badges within the first two weeks of classes. Any student who loses his or her ID badge may request a replacement from the Registrar's Office. The replacement fee is \$10.00.

### **Sale, Solicitation, Promotion, and Advertising**

Sale, solicitation, promotion, and/or advertising of a commercial nature, whether by non-students or students, is strictly prohibited on the campus. The school allows the posting of official school notices in buildings on designated bulletin boards. No notices may be affixed to glass doors, windows, or on painted walls. Placing advertisements on vehicles is prohibited. Political announcements, campaign literature, banners, and other promotional materials may only be posted in the designated open announcement areas. No commercial or non-commercial materials outside of official school notices shall be posted on walls, on doors, in the foyers, on cars, or in non-designated areas.

### COLOR KEY

	Holiday
	Quarter Break
	Start Date
	Last Day of Quarter

### Breaks

Breaks may occur around the first week of July (dependent upon the day July 4 falls on) and around the last week of December each year. During this time, the school will be closed to students. Specific dates will be distributed in each program of study. Students are encouraged to take the time away from school to enjoy family and friends.

## Admissions

DCI reserves the right to use all information gathered, printed, or otherwise obtained during the admission process to determine an applicant's suitability for enrollment. If behaviors or past patterns of behavior discovered during the admissions process are immoral, unlawful, or unbecoming of a student of DCI, DCI may deny the applicant's acceptance into a program or cancel a student's enrollment.

### Admissions Process

Each applicant for admission is assigned an admissions representative. The Admissions Representative will direct the applicant through the steps of the admissions process. The Admissions Representative will provide information on curriculum, policies, procedures, and services, and assist the applicant in setting necessary appointments and interviews.

To qualify for admission, each applicant must meet the requirements listed below. Admission decisions are based on the applicant's fulfillment of these requirements, a review of the applicant's previous educational records, and a review of the applicant's career interests. If previous academic records indicate the School's education and training would not benefit the applicant, the School reserves the right to advise the applicant not to apply. It is the responsibility of the applicant to ensure the School receives all required documentation. All records received become the property of the School.

The Academic Catalog is available online at [www.dawncareerinstitute.edu](http://www.dawncareerinstitute.edu) for review by the applicant prior to signing an enrollment agreement.

### Admission Requirements

DCI programs/courses are open to all persons regardless of age, disability, political affiliation, race, creed, sex, or national origin. Applicants must be at least 17 years of age and possess a high school diploma, General Equivalency Diploma (GED), or higher education credential (earned associate degree or higher) and provide a valid State or Federal photo ID. The only program exempt from the high school diploma requirement is the Class A CDL Driving program. Basic reading comprehension and strong verbal skills are recommended. Some programs have additional admissions requirements. Please see below for the individual program admissions requirements/procedures.

Applicants taking the Wonderlic Scholastic Level entrance assessment will be permitted only one attempt per assessment version. When retesting, the applicant will be administered a different version of the assessment. The test score will remain in effect and valid for a period of two (2) years from the test date.

All applicants must provide documentation of graduation in the form of an Official High School transcript, or other acceptable documentation confirming the applicant meets or exceeds the academic achievement equivalent to a high school diploma in the USA; during the COVID-19 pandemic beginning in March 2020, DCI will accept an attestation as the documentation of graduation in cases where the high school is closed or unable to fulfill the request. All documents submitted must be translated into English. High school diplomas/transcripts from other countries are acceptable, if the diploma is equivalent to a U.S. high school diploma. To ensure compliance, all applicants with foreign transcripts must have the transcript reviewed by a U.S. credential evaluation service.

### Advanced Esthetician

Applicants must acknowledge, in writing, if (a) they have been convicted in any jurisdiction of a crime involving any felony or misdemeanor sexual offense or (b) they have abused drugs (including alcohol, narcotics, or

chemicals) that they may not be issued a certificate or license to practice as an Advanced Esthetician in the State of Delaware (see title 24 Delaware Code, Chapter 53, Section 5313).

### **Nursing Assistant/Home Healthcare Program**

Applicants must be at least 17 years of age and possess a high school diploma, or General Equivalency Diploma (GED). Applicants must pass both a drug screen and a tuberculosis screen. A physician's exam/statement may be required in some instances. Applicants must also acknowledge the state requirement for a criminal background investigation, for employment as a Certified Nursing Assistant (CNA), prior to enrollment and acceptance into the program.

### **CDL Programs**

Applicants must be at least 18 years of age and provide a valid State driver's license. Students must have an acceptable motor vehicle record and have the ability to pass a DOT physical and drug test.

### **HVAC Technician**

Applicants must be at least 17 years of age and possess a high school diploma, General Equivalency Diploma (GED), or higher education credential (earned associate degree or higher) and provide a valid State driver's license.

### **Distance Education Programs**

Applicants must be at least 17 years of age and possess a high school diploma, or General Equivalency Diploma (GED). In addition, a passing score on the Wonderlic SLE Q Scholastic Level Exam is required for all its distance education and hybrid programs. The passing score is 15 for the Medical Billing and Coding Specialist program, 14 for the online Medical Assisting program, and 12 for the Medical Assisting, Advanced Class A CDL Driving, and HVAC Technician hybrid programs. If an applicant is not successful in passing the exam, a second attempt will be allowed. If an applicant fails both attempts, they will be eligible to retest in six months.

The applicant must demonstrate the ability to operate a computer with the required proficiency and have reasonable access to the necessary technology. The student must fill out an attestation and successfully demonstrate proficiency to the Admissions Representative.

The applicant must demonstrate an ability to navigate the learning management system during an orientation prior to starting classes as a means of demonstrating their ability to utilize the technology used in DCI courses.

### **Distance Education Policy**

Students may have the opportunity to complete a portion of their programs of study, subject to limits established by the institution's state licensure and accreditation, through distance education in some programs of study. Admission requirements these programs may vary from admission requirements for programs of study offered entirely on campus. Online courses are specifically designed for the student who will be accessing online courses from a standard home or personal computer. All distance education/online courses offered by the school have been deemed as equivalent in content and quality to the same courses offered via ground delivery methods. Under certain circumstances, such as a student getting out of sequence with course schedules or courses that may not be offered each term, students enrolled in a campus-based program may be required to take online classes to graduate.

The actual percentage of the program offered online will depend on the program selected and the educational delivery for each course. Students participating in hybrid or fully online programs are expected to complete the online orientation prior to the start of classes.

#### Authentication and Protection of Student Identity

Each student is provided a unique username and password for authenticating each student's identity when entering the online classroom. Students are prohibited from providing their passwords and logins to any other individual. Furthermore, student identity is authenticated through a series of email, telephone interviews, and/or meetings with the campus staff. Each student's username, password and email address are used to authenticate student identity to complete assignments within the Learning Management System. All testing is completed through the Learning Management System and the unique username and password is used to verify student identity.

The school will not release any student's username and password to any individual which would violate a student's rights under FERPA.

#### Technology Specification for Online Courses

Each student enrolled in an online course(s) or program of study delivered through a distance education consortium is expected to have access to an internet connection, computer hardware and operating software as outlined below. Campus computer labs are available to access online course content and to meet the necessary technology requirements.

Note for those who may access courses from your place of employment: Employers often place restrictions on the content allowed through the organization's firewall or network security measures. Such measures may affect your ability to access your online courses from place of employment, or using employer-provided Internet access, and is beyond our ability to predict or control.

### **Admission Procedures**

Applicants must submit a completed admissions application. Eligible applicants must also complete a Qualification Profile, in addition to being interviewed by one of DCI's Admissions Representative. DCI will review the application and notify the applicant of approval or denial; or, DCI may request more information or documents. In addition, the applicant and an authorized school official, must sign an enrollment agreement prior to the student commencing a program.

\*DCI reserves the right to cancel a class start or cohort.

### **Orientation**

Accepted applicants must attend a scheduled mandatory orientation.

### **Probationary Admission**

The school does not offer probationary admission into any programs.

### **Enrollment Verification Letter**

Any student requiring a verification letter from the school prior to starting classes should come to the receptionist desk to request a form. Enrolled students who require official documentation of a program enrollment and/or attendance should report to the receptionist's desk to complete a request form. DCI strives to have all letters prepared for students within two business days.

## Tuition and Fee Information

The Tuition expense includes uniforms, any related lab kits and other lab costs. The costs associated with the individual programs are given as an insert to this catalog.

Tuition charges are subject to change at the school's discretion. DCI's institutional policy is to give thirty (30) days written notice to the students prior to any tuition increase other than those initiated on January 1st of each year. The written notice will be posted in the student lounge and a copy will be placed in the appropriate student's mailbox.

Disclosure: Transfer or proficiency credits may reduce the cost of the program. Repeating a course or courses may increase the cost of the program. Textbooks are estimated, any necessary adjustments to cover operating expenses may be made quarterly.

Other expenses, which the student must calculate into the cost of his/her program include, but are not limited to, room and board, personal expenses, textbooks, academic supplies, and transportation. Students are responsible for providing their own transportation for all learning experiences associated with the curriculum.

<b>Program</b>	<b>Tuition<sup>1</sup></b>	<b>Book<sup>2</sup></b>	<b>Total Cost</b>
Advanced Esthetician	\$14,560.08	\$705.80	\$15,265.88
Dental Assistant	\$15,759.00	\$762.81	\$16,521.81
Medical Assisting	\$15,759.05	\$557.56	\$16,352.61
Medical Billing and Coding Specialist	\$15,759.00	\$675.68	\$16,434.68
Nursing Assistant/Home Healthcare	\$3,079.00	\$134.00	\$3,213.00
HVAC Technician	\$16,301.25	\$113.40	\$16,414.65
Class A CDL Driving	\$5,237.55	\$15.83	\$5,253.38
Advanced Class A CDL Driving	\$9,809.72	\$78.81	\$9,888.53

<sup>1</sup> Tuition is charged on a per clock hour basis and can be calculated by taking the tuition cost divided by the number of clock hours in the program. This is the methodology used to calculate charges for course retakes after July 1, 2022.

<sup>2</sup> Enrolled students may purchase textbooks directly from DCI and the textbooks will be billed to their student account, or they may purchase textbooks from a vendor of their choice. A textbook list for the program, stating the title of the textbook along with the current edition and ISBN number, will be available so the student may purchase textbooks where they choose. Students are advised to purchase textbooks only for the currently enrolled courses as textbooks may change on a quarterly basis.

Students who drop or withdraw from a course or a program may return unopened and unused textbooks purchased through DCI within the first two (2) weeks of the quarter in which the student is registered for the course or courses. No textbooks will be accepted for return after the end of the second week.

Textbooks will only be accepted if they are unopened and unused. Textbooks are to be returned for inspection and return acceptance. Return credits will be posted to the student account by the end of week four (4). Questions regarding purchasing, returning, or ISBNs of textbooks should be addressed to the Registrar.

## Additional Fees

Application	\$25
Course Retakes – For students with a start date or re-entry date on or after January 7, 2019, but before July 1, 2022.	\$178 per credit hour

## Uniforms Information

DCI students are required to wear the supplied approved uniforms. Substitutions are not permitted. Students are fitted for scrubs at the time of enrollment and orders are placed once students start their programs.

### Return of school uniforms

Uniforms ordered from the campus supplier will be returned only for replacement or fitting adjustments. Students who have attended orientation, placed a uniform order, and then cancel their enrollment before the first day of attendance will have the uniform order cancelled.

Students who start and withdraw, or are withdrawn prior to the receipt of the uniforms, will have the uniform order cancelled or returned. The student may be responsible for any re-stocking fees.

## Refund and Cancellation Policies

If an applicant/student cancels or withdraws or is withdrawn by DCI for any reason, refunds will be made according to DCI's Refund Policy. If a refund is due to the student, the refund will be paid within thirty (30) days of the date the student either officially withdraws or DCI determines the student has withdrawn. All refunds will be calculated using the student's last day of class attendance. If a student withdraws without written or verbal notice after classes have started, termination shall be effective on the student's last date of attendance as determined by the institution. Upon receipt of the refund, the student agrees its receipt constitutes a full and complete release of DCI from all liabilities. All governmental and agency refunds will be made within the required time limits of the funding agency.

## Cancellation/Rejection Policy

DCI will refund all monies paid by an applicant who is rejected for enrollment by the School, who enrolls in a program DCI cancels, or who cancels within five calendar days of signing the enrollment agreement.

## Right to Cancel

An applicant to DCI may cancel his/her enrollment and receive a full refund of monies paid by mailing a written notice to DCI, postmarked no later than midnight on the third calendar day after the date the applicant's Enrollment Agreement with DCI was signed by the student and representative of the School. The applicant may use a copy of his/her Enrollment Agreement as a cancellation notice by writing "I hereby cancel" at the bottom of the Enrollment Agreement and adding name, address, and signature, and delivering or mailing it to DCI. If an applicant for admissions cancels his/her enrollment as noted above more than three calendar days after signing the Enrollment Agreement, but prior to the start of classes, the applicant is entitled to a refund of all payments, minus the Application Fee and any nonrefundable admissions testing fees within thirty days.

## Tuition Refund Policy

A student wishing to withdraw officially should inform DCI in writing at least five (5) calendar days, but no more than thirty (30) calendar days, in advance of withdrawal. A student who returns to DCI after withdrawing must

sign a new Enrollment Agreement and will be subject to the then-current price of tuition. A student's last date of attendance, as documented by DCI, will be used to calculate any money the student owes and to calculate any refund the student is due. DCI will refund unearned tuition and fees as set forth in the state regulations. The state refund policy states the school may retain \$100.00 of the tuition and fees, and the minimum refund of the remaining tuition will be:

<b>Proportion of Term Taught</b>	<b>Refund Percentage</b>
9.9% or Less	90%
10.0% up to and including 19.9%	80%
20.0% up to and including 29.9%	70%
30.0% up to and including 39.9%	60%
40.0% up to and including 49.9%	50%
50.0% up to and including 59.9%	40%
60% and above	No Refund

## Financial Aid Information

The Financial Aid office maintains a staff of financial aid professionals to assist students in navigating the application process for federal, state, local, and institutional funding programs. The staff participates in routine training sessions and conferences provided by federal, state, and local funding agencies to ensure they have a full understanding of policy and regulatory updates.

### Title IV Program Information

Dawn Career Institute (DCI) is authorized by the Department of Education to participate in Title IV funding for qualified students. To apply for Title IV funds, a student must complete the Free Application for Federal Student Aid (FAFSA) for that specific award year. The FAFSA is completed on-line at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) and the **DCI school code is 030258**. The financial aid programs are administered by the Director of Financial Aid under policies established by federal and state governmental guidelines.

The following financial aid programs are available to students **who qualify**.

#### Federal Pell Grant

The Federal Pell Grant is an important source of aid for students. The amount of the award depends upon the determination of the student's eligibility, his or her enrollment status, cost of attendance, and a payment schedule issued by the U.S. Department of Education, Office of Student Financial Assistance. The amount of *Federal Pell Grant* funds a student may receive is limited by federal law to be the equivalent of six years, or 600% of a Pell Grant award. A student can monitor how much Pell Grant they have used by accessing [www.nslds.ed.gov](http://www.nslds.ed.gov). Once a student reaches 600%, they are no longer eligible to receive a Pell Grant, regardless of the school they attend.

Note: Individuals who have obtained a bachelor's degree or higher are not eligible to participate in the Federal Pell Grant Program per Federal guidelines.

#### Federal Supplemental Educational Opportunity Grant (FSEOG)

Each year the School makes a limited number of awards to students through the Federal Supplemental Educational Opportunity Grant (FSEOG) program. These funds are reserved for students who qualify based upon exceptional financial need. The financial aid officer determines who will receive a FSEOG award and the amount awarded, based on need, not to exceed the program maximum.

#### Federal Work-Study (FWS) Program

The Federal Work-Study program (FWS) provides employment for students who demonstrate financial need and who must earn part of their educational expenses. The program encourages community service work and work related to a student's program of study. FWS employment is arranged with public or private non-profit agencies off campus, and the work performed must be in the public interest. FWS employment opportunities are also available on campus in a variety of student services positions. Eligibility for participation in the FWS program is determined by the School's Financial Aid Office, based on the student's financial need and academic progress.

#### Federal Direct Loan (FDL) Program

Federal loans must be repaid. To apply for a Loan, a student must file a FAFSA. Eligible students are also required to complete Loan Entrance Counseling and a Master Promissory Note with the Department of Education. Students must be enrolled a minimum of half-time, and the loan funds are normally disbursed to the school in three equal quarterly disbursements. The loan must be repaid with payments beginning six months after the

student stops attending classes at least half time. A student may qualify for a subsidized and/or unsubsidized student loan depending upon the FAFSA results.

**Direct Subsidized Loan:** A need based loan for which a student is not charged interest while attending school at least halftime. The maximum loan amount is \$3,500 for first year students and \$4,500 for second year students.

**Direct Unsubsidized Loan:** Unlike the subsidized loan, interest does accrue on the unsubsidized loan while the student is attending school. The interest will be capitalized (added to the principal of the loan) or the student can choose to pay the interest while in school. The maximum yearly loan amount is \$6,000 for independent students and \$2,000 for dependent students.

**Federal Direct Parent PLUS Loan:** The parents of dependent students can borrow funds to pay for the student's educational expenses. The student must be enrolled at least half time and the parent must meet the Department of Education eligibility criteria which includes a credit check. The PLUS loan is normally disbursed to the school in three equal quarterly disbursements and interest is accruing on the loan while the student is attending school. Parents can begin repayment within 60 days after the loan is fully disbursed or can choose to begin repayment six months after the student is no longer enrolled at least half time.

## Verification

A student's Free Application for Federal Student Aid (FAFSA) may be selected by the U.S. Department of Education for a process called "verification" to verify the information on the application. Students are reminded to provide truthful and accurate information. Students who are selected for verification will be contacted by the Financial Aid Office and given a verification worksheet that includes specific requirements, deadlines, and consequences of noncompliance.

To complete the verification and remain eligible for Financial Aid, the student must submit the verification worksheet as well as tax/income information as directed by the Financial Aid Office. DCI has developed policies and procedures regarding the verification of information provided by the FAFSA under the Title IV Programs. For more information regarding the policies and procedures for verification, please consult the Financial Aid Office.

## Return of Title IV Funds Policy

**This policy is separate from the Tuition Refund Policy.**

If a student withdraws from the School and the student received Title IV Federal Student Aid (FSA) assistance during the period (the specific term, quarter, or payment period for which the Return to Title IV refund must be calculated), the School must determine the amount of Title IV funds a student has earned at the time of withdrawal using the Return of Title IV (R2T4) funds formula. The Title IV FSA program rules may require a return to the Federal government of all, or a portion of, the amounts disbursed during the term. The amount of FSA assistance earned by a student is based upon the following formula. Students should consult their Financial Aid officer regarding their program's specific measurement.

Credit Hour Programs: 
$$\frac{\text{Number of Days Completed in the Payment Period through Last Date of Attendance}}{\text{Total Number of Days in the Payment Period}}$$

Note: Scheduled breaks of at least five consecutive days are excluded from the total number of calendar days in the numerator and denominator. The calendar days on an approved leave of absence are excluded from both the numerator and denominator. Percentages are calculated to the fourth decimal place.

**Definition of the student's last date of attendance:** If a student **officially** or **unofficially withdraws** from DCI, their last day of attendance is based on the instructors' attendance record (last day of educational activity) which reports the last day the student was in class. This includes classroom and lab instruction, examinations and clinical experience. If a student stops attending classes without officially withdrawing and has not attended classes for fourteen (14) consecutive calendar days, the student may be withdrawn from his/her program. The last day of attendance is determined by the instructor's attendance records.

Based on the calculation, through the 60% point in each period, a pro rata schedule is used to determine how much Title IV FSA funding the student has earned at the time of withdrawal. After the 60% point, a student has earned 100% of the Title IV FSA funds. (Sample Return of Title IV calculations are available from the institution's Financial Aid Office upon request.) Title IV FSA funds that require refund are credited in the following order:

- Unsubsidized Direct Stafford loans (other than Graduate PLUS loans)
- Subsidized Direct Stafford loans
- Direct PLUS
- Federal Pell Grants
- Federal Supplemental Educational Opportunity Grant (FSEOG)

### **Return of Unearned FSA Funds**

The School must return the lesser of the following:

- The amount of FSA Program funds that the student does not earn; OR
- The amount of institutional costs that the student incurred for the period multiplied by the percentage of funds that were not earned. Earned means the percentage of funds that were earned over time (during the term) by the student.

If there are additional FSA funds that must be returned, the student must return or repay, as appropriate:

- Any FSA loan funds in accordance with the terms of the loan;
- Any remaining unearned FSA grant (Not to exceed 50% of the grant as an overpayment of the grant; the School currently refunds the Student Grant Overpayment on behalf of the student.)

If a student earned more aid than was disbursed, the School may owe the student a Post-Withdrawal Disbursement (PWD) which must be paid as soon as possible, but no later than 180 days from the date the school determined the student withdrew (for loans) or no later than 45 days from the date the school determined the student withdrew (for grants). The School is required to notify the student in writing within 30 days of the date it determined that the student withdrew that he/she is eligible for a PWD of Title IV loan funds; however, if the student (or parent in the case of a PLUS loan) is eligible to receive a PWD of loan funds, the student or parent borrower must first confirm in writing whether he/she accepts/declines all or some of the loan funds offered as a PWD. A PWD of Federal grant funds does not require student acceptance or approval and the grant funds may be applied directly to the student's account to satisfy tuition and fees, or to the student. The School will seek the student's authorization to use a PWD for all other educationally-related charges in addition to tuition and fees. All Direct Loan refunds will be made by EFT to the U.S. Department of Education and COD disbursement records will be updated when refunds are made. The student is notified by letter from the School of all Direct Loan refunds made on their behalf, including the amount, date, and loan type.

The School is required to return the amount of Title IV funds for which it is responsible no later than 45 days after the date of the determination of the date of the student's withdrawal.

The information presented above is subject to change based on Federal regulations.

## Non-Title IV Financial Aid Information

Other sources of financial assistance can come from various public agencies. Dawn Career Institute follows all guidelines set forth by outside agencies funding students' tuition. The following organizations offer tuition assistance to students attending Dawn Career Institute. Qualification requirements vary; please contact the appropriate agency for more information.

*Veterans' Benefits:* Veterans may be eligible to receive benefits through the Veterans Administration (VA). Each VA program has individual requirements for eligibility. Interested applicants should contact the VA at (800) 827-1000.

*Students Receiving Veterans Affairs (VA) Funding:* Students receiving this type of funding are required to show proof of all previous education earned for post-secondary study. When applying for VA benefits, these students must complete a transcript request for all post-secondary schools previously attended. The school will submit the request on behalf of the student at no cost to the student, and the student may then receive certification for the first term. The school should receive all requested transcripts within the student's first term for accurate scheduling and timely certification. If transcripts are not received within the state limit, the student may no longer be certified for future coursework. Exceptions to any limitations must be approved by the State Approving Agency and Campus President.

*Delaware National Guard:* Students who are enlisted in the Delaware National Guard may be eligible to receive a grant to pay for a percentage of their tuition. Interested applicants should contact their local guard unit for details.

*AmeriCorps:* AmeriCorps is a national service program providing tuition assistance in exchange for community service. For more information go to [www.americorps.gov](http://www.americorps.gov) or contact the AmeriCorps National Service Office at 1-800-942-2677

*Delaware Department of Labor:* Students living in Delaware may qualify for funding from one of the programs offered through the Delaware Department of Labor's Division of Employment and Training (DET). The funds are generally for students who are permanently laid off due to work place closings or cutbacks (dislocated workers) or students whose employment has been adversely affected by imports. Interested applicants should contact the Delaware Division of Employment and Training directly.

*Delaware Division of Vocational Rehabilitation (DVR):* Applicants with a disability may qualify for DVR services if the disability presents an obstacle to obtaining or maintaining employment, and the individual is capable of being employed with the help of services provided by DVR

*Private Alternative Loans:* Some lending institutions offer private alternative loans to students to help cover educational expenses. These loans typically require that the borrower has good credit and/or a credit worthy co-signer. Additional information on private alternative loan lenders can be obtained from the Director of Financial Aid. Students are encouraged to utilize all other funding sources before considering an alternative loan.

*Union Education Trust:* A bargaining unit employees use to receive money for college through their employer.

## Tuition Payment Plan

Tuition and Fee payments are due at the beginning of each quarter. However, the School does offer 0% interest payment plans and the terms of the Retail Installment Contract (RIC) will govern the terms of those payment plans. Tuition and fee payments may be made directly to DCI by check, money order, debit or credit card.

Student payments can be made in the Bursar Office located in Suite 110, Room 118, just off the main corridor of the school or in the Financial Aid Office. Failure to make payment as agreed upon may result in the student being unable to register for future classes. **Any questions should be directed to the Bursar or employees of the Financial Aid Office.**

## Student Tax Forms and Information

### 1098T Tax Forms

The 1098 tax forms for tuition billed (box 2) is mailed to the student's current address on file on or before January 31st. The tuition billed is calculated on a calendar year basis.

### Educational Tax Credits, Student Loan Interest Deduction, and Tuition and Fees Deduction

When you file your federal tax return, these tax credits may be available for certain college expenses. For information, contact the Internal Revenue Service or your tax advisor.

Questions regarding student's accounts should be addressed to the Director of Finance/Student's Accounts Officer.

## Academic Affairs

### Academic Programs

#### Diploma Programs

Dental Assistant

Advanced Esthetician

Medical Assisting

Medical Billing and Coding Specialist

Advanced Class A CDL Driving

HVAC Technician

#### Certificate Programs

Class A CDL Driving

Nursing Assistant/Home Healthcare

### Educational Delivery

On ground lectures are delivered by experienced instructors in the traditional classroom with the assistance of text materials and Internet materials with high-speed internet access and computer projection devices. Labs are delivered in well-equipped traditional laboratories under instructor supervision. Clinical and external volunteer experiences are delivered at area healthcare facilities.

Online courses are offered via a Learning Management System (LMS); students and instructors are enrolled in their respective online courses. Hybrid programs are taught both online using an LMS and on ground using a traditional classroom learning environment.

### Student/Instructor Ratio – Typical Class Size

The maximum number of students in a typical classroom or laboratory setting of instruction is 24, resulting in a student/instructor ratio of 24 to 1. DCI complies with the Delaware Statute requiring the nursing assistant clinical rotation be limited to 12 to 1. CDL ratios will be set to ensure students receive the required behind the wheel (BTW) time.

### Clock Hour of Instruction

Each clock hour of instruction consists of 50 minutes of instruction in a 60-minute period.

### Quarter Credit Hour Conversion

Select programs use a proprietary formula created by the accrediting body to calculate credit hours. In general:

- 10 lecture hours = one (1) quarter credit hour
- 20 lab hours = one (1) quarter credit hour
- 30 externship/clinical hours = one (1) quarter credit hour

All programs comply with Title IV funding: A maximum of 5.0 hours of out-of-class prep for every 20 clock hours in class. The school participates in the Federal student financial aid programs authorized under Title IV of the Higher Education Act of 1965, as amended, which are administered by the U.S. Department of Education (ED). The school has the appropriate policies and procedures in place to ensure its assignment of credit hours conforms to the definition of a credit hour for Federal purposes.

Students are also expected to complete an additional 25% of the total clock hours per course as homework or out of class hours. Students are expected to complete homework outside the classroom in addition to classroom requirements. The minimum outside clock hours are stated on each course syllabus and documented in each course description in the catalog. Additional outside clock hours may be, but not limited to, required written assignments, written book reports, required reading and homework assignments, oral presentation activities, hands-on practice sessions, etc. Grading for the outside preparation hours is published on each syllabus on a course-by-course basis.

### Student Classification

**Active Student:** Any student taking credit-bearing courses, being charged/funded, and matriculating in an approved program. These students may be full or part time.

**Active Non- Earning Student:** Is a student taking credit-bearing courses but not being charged/funded for the term.

**Non-Matriculating Student:** Students who enroll for single courses or those paying for courses but not wishing to enroll in a program of study. These students are not eligible for federal or state aid.

**Auditing Student:** Students taking previously passes courses for improving skills or knowledge. Audited courses receive a grade of AU and do not count toward Satisfactory Academic Progress or cumulative grade point average.

## Attendance Policy

Students are expected to attend every class session for which they are registered. Attendance is taken by instructors, recorded, and maintained for each course by the Registrar. Students with excessive absenteeism may receive a reduced or failing grade for the course and/or be withdrawn from their program. In the event of any absences from class, the student assumes responsibility of immediately notifying the school and for arranging with the individual instructor for work missed. **Students missing fourteen (14) consecutive calendar days may be withdrawn from their program of study by the school.** If a student believes he/she has circumstances warranting special consideration, a written appeal may be submitted to the Dean of Education for review and final determination.

### Tardiness/Early Departure

Students are required to be on time and stay for the duration of the class session. The student assumes responsibility for arranging with the individual instructor for work missed resulting from being late for class or leaving early. Time missed in class due to a student's tardiness or leaving early is recorded.

### Attendance Policy for Online Courses

Attendance for online courses is measured by work submitted within the Learning Management System. Students enrolled in a hybrid program must maintain satisfactory attendance on campus and online to remain active.

### Late Work and Make-Up Work

Arrangements to turn in late work and/or make-up assignments, projects, tests, and homework missed because of absence must be made with the approval of the instructor following the policy on the syllabus.

### Leave of Absence

DCI does not grant Leaves of Absences (LOAs); however, students currently enlisted in the military service of the United States or the National Guard and who are currently in active-duty status may receive exceptions to this policy.

Students requesting such a leave, must do so in writing, and must submit their request to the Dean of Education. Upon verification of active-duty status, DCI will grant the student a military LOA for the time they are in active-duty status and for up to one (1) year after the conclusion of their service. During the time the student is on military LOA, the student shall incur no academic or financial penalties.

### Withdrawal Due to Military Leave or National Emergency

Students who must withdraw due to military leave or national emergencies are entitled to a refund of all tuition and fees for any unfinished term(s). Credit will not be given for any unfinished courses; however, unfinished courses will not impact the student's Satisfactory Academic Progress. If the student is deployed or impacted by a national emergency at the end of a term and does complete all courses, tuition will not be refunded, credit will be earned, and SAP will reflect those credits. These students, however, will not receive any further financial obligations for future terms and may reapply in the future. Students impacted by either military leave or national emergency should confirm their request in writing and provide any supporting documentation as requested (may include official orders and/or letter from a superior). Impacted students, as well as spouses and dependents, include" active-duty military serving during a war, military operation, or national emergency; members of the National Guard performing a qualifying duty; and people residing in or employed in an area declared a disaster by federal, state, or local officials.

## Withdrawal

Students who want to discontinue their training for any reason must make every attempt to schedule a meeting with the Dean of Education. This meeting may help the school correct any problems and may assist students with their plans. In many cases, the problem hindering successful completion of the program can be resolved during this session.

Students who have attended a class but withdraw or stop attending classes before the 50% point will receive a grade of “W” for the purposes of calculating maximum timeframe and SAP. The course will count as credits attempted but not earned.

Students withdrawing from a module after 50% point in a term will receive a failing grade. This grade is part of a student’s grade point average calculation unless the course is retaken and a higher grade is earned. The credits attempted will be counted toward determining maximum timeframe and SAP.

### **NOTE: Students who are contemplating withdrawing from a module or course should understand:**

- the entire scheduled length of the course in which they are currently enrolled is counted in maximum timeframe;
- they may have to wait for the appropriate module / course to be offered;
- their graduation date will change;
- they must repeat all courses from which they elected to withdraw prior to receiving a final passing grade;
- their Financial Aid and/or tuition costs may be impacted; and
- there may not be seats available in the class upon their return.

### **Involuntary Withdrawal**

The school is committed to helping every student successfully complete their education; every consideration will be given to assist students in completing their programs. However, a student may be placed on warning or withdrawn for unsatisfactory progress, poor attendance, academic misconduct, violation of school policies, or failure to pay tuition.

Any of the following shall immediately terminate a student’s enrollment at the school:

- Any student exceeding the fourteen (14) day attendance policy; and
- Any student exceeding the 150% maximum timeframe for completing the program.

### **Course Withdrawals**

Students should meet with the Dean of Education and/or Program Director before dropping any courses to review repercussions to schedule changes. Students may also be asked to meet with Financial Aid and/or Finance/Bursar to review financial implications. Dropping a course should be done prior to the first day of classes.

## Re-Admission Policy (ReStart)

Students may apply to be readmitted to the school after voluntarily withdrawing or being involuntarily withdrawn and will need to meet current admissions requirements. In some cases, students may not be eligible for financial aid and may incur additional charges to be readmitted into school. For more information, please contact the Admissions Department.

## Graduation Requirements

To graduate, students must meet the following criteria:

- Complete all courses within the program requirements;
- Complete all program requirements within 150% of the published program length in credit hours;
- Overall cumulative grade point average of 2.0 or better;
  - Students enrolled in the Basic Nurse Assistant/Home Health Aide program must complete all required courses with a numerical grade of 75% or better;
- No failing (F) grades in any courses. Courses with “F” grades must be repeated;
- Complete a financial aid exit interview;
- Complete a career services exit interview; and
- Complete all financial obligations.

**Upon graduation, students will be awarded a Diploma or Certificate depending on their program of study. A student will not receive a graduate credential or academic transcript until his/her account is paid in full.**

## Grading Scale

To be considered making satisfactory progress toward graduation, a student must maintain specified grade averages. Grades are assigned at the end of all scheduled courses. Students will receive a letter grade for each course attempted to which quality points are assigned (see table below). The GPA is calculated by the grade points received multiplied by the credit hours attempted to derive the quality points earned for the term. The Cumulative Grade Point Average (CGPA) is then calculated by using the quality points earned from all courses attempted.

Transcript Grade	Numeric Grade	Description	Quality Points
A	90-100	Excellent	4
B	80-89	Above Average	3
*C	70-79	Average	2
D	60-69	Below Average	1
F	Below 60	Failing	0
P	0	Passing (Pass/Fail Courses)	Not calculated
I	0	Incomplete	0
W	0	Withdrawal	Not calculated
TR	0	Transfer Credit	Not calculated
**R	0	Repeated Course	Not calculated
***CR	0	Advanced Standing Credit	Not calculated
AU	0	Audit course	Not calculated

\*Students in the Nursing Assistant/ Home Health Care program must earn a 75% numerical grade to earn a “C” letter grade.

\*\*Prior to April 2018, R grades replaced failing grades on a transcript for repeated courses. April 2018 and after, original grades are maintained on the transcript.

\*\*\*Prior to April 2018, CR grades were used for advanced standing.

**Passing Grades:** A grade of “P” is awarded for students who successfully pass a proficiency exam or a pass/fail course.

**Incomplete Grades:** Students approved for an incomplete will be awarded an “I” grade, counting as 0 quality points for SAP calculations. Coursework must be completed within two (2) weeks of the end of the term to receive an appropriate letter grade. If extenuating circumstances exist, exceptions *may* be made for externship courses only (at the discretion of and by appealing to the Dean of Education) where the two (2) weeks may be extended for up to six (6) weeks.

**Withdrawal Grades:** A grade of “W” is awarded if a student withdraws or stops attending in the first 50% of the course or if withdrawn due to the Student Code of Conduct.

**Repeated Courses:** Courses previously taken and not successfully passed. The first attempt grade will be calculated in the quarter GPA. After the course is repeated, the first attempt course grade will **not** be calculated in the cumulative GPA. Only the highest grade earned will be indicated on the official transcript and calculated in the cumulative GPA. Students may repeat a course up to two times. If the student has not earned a passing grade in the course after the second attempt, the student may be dismissed from the program. In order for a student to be considered for a third attempt, the student must write an appeal letter describing the extenuating circumstances leading to the second failure and plans for success in the third attempt. An appeal committee will convene to review the appeal and approve or deny.

- If an appeal is denied, the student will be dismissed.
- If an appeal is approved, the student will remain enrolled and take only the approved course in the following quarter.

Repeat Codes are indicated on the transcript in the RPT COD column where an asterisk (\*) denotes a course needing repeated and an R denotes a course already repeated. An additional repeat code of I may be indicated for students in the Medical Assisting Capstone Program. Here the repeat code acknowledges the grade the student earned in the didactic portion of the course, but the student has incomplete work in the form of laboratory hours and skills which must be completed for the code to be removed.

## Awards and Honors

High achieving students are recognized at the graduation ceremony. Students with a cumulative grade point average of 3.5 or higher are recognized.

## Transfer Credit

Students who wish to have credits reviewed from another institution for transfer must submit transcripts from all postsecondary schools attended. DCI may accept transfer credits at the discretion of the Dean of Education and/or Program Coordinator using the following guidelines:

- Transcripts should be submitted at least ten (10) days prior to the start of the program.

- An official transcript of the student's coursework must be sent directly from the institution from where the coursework was completed to DCI.
  - o Additional information may be requested to review comparability of program content including course descriptions or syllabi.
  - o The student may have to complete additional competencies or hands-on assessments before transfer credit may be accepted for courses for which competencies may be required.
- Credits reviewed for transfer must have been earned in courses offered at institutions accredited by an agency recognized by either the U.S. Department of Education or the Council for Higher Education Accreditation at the time the credit was earned.
- Credits will be evaluated on a course-by-course basis, but in most instances, the coursework must have been completed in the past five (5) years for technical and core courses. General education courses and similar courses have no timeframe restrictions.
- A grade of "C" or better was earned.
- The content of the course is similar in scope, and the unit of credit is comparable.
  - o Credits earned at institutions operating on quarter systems will be reviewed as direct equivalents.
  - o Credits earned at institutions operating on a semester system will be multiplied by one and one half (1.5) to convert to quarter credits.
- Coursework completed at foreign institutions will be externally evaluated by a foreign credential evaluator (either NACES or AICE members).

Transfer credits are recorded as hours attempted and earned toward the program for pace or completion calculations but do not count toward the student's cumulative grade point average (CGPA).

### **Maximum Transfer Credits**

The maximum number of credits transferred (transfer and proficiency combined) into a program is 25% of the total program credits.

### **Military Transfer Credits**

For individuals with experience in the armed forces of the United States, the National Guard, or reserve component, the school will review the individual's documented military education and skills training to determine whether any of the education and training is equivalent to the program's curriculum. If the military education and skills training are equivalent, the school will award credit to the individual.

### **Experiential Learning/Advanced Placement/ Ability to Benefit**

DCI does not accept credit(s) for prior life learning experience(s), advanced placement, and/or ability to benefit students.

### **Proficiency Credit**

Students for whom transfer credits are not awarded due to age of credit, grade earned, or inability to substantiate equivalency may receive approval for proficiency testing. The student must fill out a Proficiency Testing Request form preferably as soon as the transcript review has been completed but at minimum by at least ten (10) days prior to the student beginning the equivalent coursework at the school. Students must earn a minimum score of 80% to earn a passing (P) grade and take the exam at least five (5) days before the scheduled course begins.

### **Grade Change Policy**

Students wishing to contest a grade for valid reasons must do so in writing within seven (7) days immediately following end of the term in which the original grade was earned. These students must meet with their Program  
Page | 33 January 5, 2023 update)

Director and/or Dean of Education, who will then investigate the original grade based on information provided by the student. The student will be notified of the outcome within 30 days of the original request.

### Transcript Requests

Official copies of transcripts may be obtained by students and alumni upon written request to the Registrar. Requests must contain the student's signature and authorizing release of this information. All financial and educational obligations must be met to obtain transcript copies. A fee will be charged for all copies. Transcript request forms may be found on the school website at <http://www.dawncareerinstitute.edu/forms>. **Copies of official transcripts and diplomas are available for a fee of \$10.00 per copy.**

**NOTE:** Transcripts can only be mailed or picked up from campus. Faxing transcripts is prohibited.

### Family Educational Rights and Privacy Act

Students have the right to inspect and review their educational records, request corrections or deletions, and limit disclosure of these records per the Family Educational Rights and Privacy Act (FERPA) of 1974 (also called the Buckley Amendment).

The Registrar is the keeper of the official academic records; students wishing to review their records must do so in writing to the Registrar, or designee. Such review will be allowed with appropriate supervision within 45 days of the request made in writing. Students may request a copy of records, but whenever grades are included, specifically transcripts, transcript fees will apply.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

School officials with legitimate educational interest;

Other schools to which a student is transferring;

Specified officials for audit or evaluation purposes;

Appropriate parties about financial aid to a student;

Organizations conducting certain studies for or on behalf of the school;

Accrediting organizations;

To comply with a judicial order or lawfully issued subpoena;

Appropriate officials in cases of health and safety emergencies; and

State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a bulletin, student handbook, or newspaper article) is left to the discretion of each school.

For additional information, call 1-800-USA-LEARN (1-800-872-5327) (voice). Individuals who use TDD may use the Federal Relay Service.

Contact Information: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW Washington, D.C. 20202-8520. From the Department of Education website at:

<http://www.ed.gov/policy/gen/guid/fpo/ferpa/index.html>

### Health & Safety Exemption Requirement

DCI adheres to all requirements pertaining to the protection of student information. However, there are limited exceptions to FERPA regulations under which Taylor College is permitted to disclose education records or personally identifiable, non-directory information from education records in connection with a health or safety emergency without student consent.

The situation must present imminent danger to a student, other students, or members of the school community to qualify as an exception. This action is not taken lightly and only under circumstances that present imminent danger.

### Academic Advising and Tutoring

Academic advisement is available to all students throughout the school year. Each student is assigned to an individual Faculty Member, generally the Program Coordinator. A student who does not maintain the necessary level of performance in each course must meet with the Program Coordinator to formulate a plan for remediation. All faculty assist students in meeting curriculum requirements by being available for advisement and individual help. Students are urged to take initiative in seeking advisement. The student is responsible for maintaining satisfactory academic status and meeting school requirements. Each student is responsible for scheduling an appointment with his/her Program Coordinator, as needed. When students present problems not within the realm of academic advisement, appropriate referrals are made. Information for counseling services is available, and student's confidentiality is maintained.

Students may also seek assistance through the Student Affairs department.

### Students with Disabilities

The school complies with the Americans with Disabilities Act (ADA). Applicants or students who present documentation of a disability will have their case reviewed by the school's Section 504 Coordinator and the ADA Research Committee, and if applicable, reasonable accommodations will be given for the documented disability. The student is responsible for informing the school prior to needing the reasonable accommodations (academic Page | 35 January 5, 2023 update)

adjustment) in the classroom/lab/clinical. The school is not required to identify the applicant or student as having a disability or assess the student's needs.

The Section 504 Coordinator is the Dean of Education. The Section 504 Coordinator and the ADA Research Committee are responsible for the development of the reasonable accommodation plan for the student. The Dean of Education (DOE), along with the appropriate Program Director and the Campus President, form the ADA Research Committee; this committee will review the documented disability and the request for accommodation.

**Applicants** requesting academic adjustments and auxiliary aids and services should complete the following steps during their admissions process so that a Plan of Action (POA) can be completed prior to their first day of class. However, already **enrolled students** may request academic adjustments and should do so at least ten (10) days prior to the needed academic adjustment. Once accommodations are approved, they are not retroactive.

Students who during their enrollment have a **newly developed disability** should begin the steps as soon as documentation can be provided to the ADA committee.

Complete **Accommodation Request Form**. This form may be obtained at the front desk, from an Admissions Representative, or by emailing a request for the form to DOE. Along with the request form, all documentation of disability and any documents supporting the disability or assisting with the academic adjustments and auxiliary aids and services must be submitted. Supporting documentation must be dated within the last three (3) years.

The ADA Research Committee will review documentation and schedule a meeting with the student within five (5) business days of the request to discuss the student's disability. The committee may request additional documentation from the student or applicant. The committee will verify all documentation presented for authenticity.

If approved, the ADA Research Committee will develop a Plan of Action provided to the student on a timely basis but no longer than ten (10) days of the request. Appropriate faculty will receive notification of the accommodations for which the student has been approved.

The ADA Research Committee shall update and include in the student's file the date(s) of request(s) for adjustments of services, the nature of each request and supporting documentation, the reason(s) for any denials, and a summary of the process that occurred between the school and the student.

If the student believes he or she has been discriminated against, or otherwise wishes to challenge any denial of his or her requests for academic adjustments or services, said applicants and or student shall follow the Student Grievance Policy.

## Student Computer Use

Unauthorized use of computing resources is prohibited. This includes using the school's computing resources for personal or financial gain; allowing unauthorized non-school personnel access to computing resources on campus; displaying obscene, lewd, or sexually harassing images or text in use of the school's computers; or modifying or copying records or data belonging to the school.

The student is responsible for checking with his/her Program Coordinator for policies concerning the specific lab the student is using. Instructors may adopt a more restrictive policy for their areas but may not adopt a policy less restrictive. The computers are property of DCI and are operated under DCI supervision. Therefore, the student should have no expectation of privacy. DCI Computer Services can monitor activity on all DCI computers. Students

need to be aware that network administrators record all student computer activities. Use of the DCI computers MUST be related to approved coursework or other instructor-authorized tasks.

Unauthorized tasks may include the following:

- Making changes to the configuration of the computer, including desktop backgrounds and screensavers, and installing or uninstalling software, unless authorized and supervised by an instructor in a classroom activity;
- Attempting to counter security measures for any purpose or to hack passwords to gain unauthorized access to a device or to data resources; and
- Installing or using peer-to-peer file sharing software. (Examples include the following: Kazaa, Napster, iMesh, BearShare, streaming video, and Internet radio).

## Library Information

Room 124 is DCI's library/learning resource room. Library hours are Monday through Wednesday from 8:30 AM to 9 PM, Thursday from 8:30 AM to 8:00 PM, and Friday from 8:30 AM to 4:30 PM to all currently enrolled students and DCI graduates. Students also have access 24/7 to DCI's electronic library sponsored through the Library and Information Resources Network (LIRN). Students will find shortcuts to LIRN on the DCI computers in the learning resource room or:

To access the LIRN subscription go to: <https://proxy.lirn.net/DawnCareerInst>

See the syllabus for the username and password.

## Extracurricular Activities

Throughout the year, activities encouraging school spirit and develop student leadership may be offered. DCI believes participation in these activities is an important part of the education process, and student involvement is encouraged.

### Field Trips and Guest Speakers

DCI believes training is enriched by observing real-life applications and/or hearing from industry professionals. When appropriate, visits may be arranged to industrial or professional locations, or guest speakers may come into the classroom.

## Externship/Clinical/Practicum

Students may be required to complete externship/clinical/practicum experiences. Please see individual program requirements in this catalog.

### Transportation

Students are responsible for their own transportation for these experiences and any other off-campus educational experiences. Students may be required to drive up to 90 minutes to a clinical location.

### Insurance

The school maintains general liability insurance on students for classroom, laboratory, and externship experiences. This is *not* health insurance.

## **Qualifying for Externship/Clinical/Practicum**

Students may be required to complete requirements outside of those in the classroom and laboratory prior to being assigned externship/clinical experiences; these requirements may include CPR/First Aid certification. Students often must successfully complete all other courses prior to these experiences, unless they are a part of a course with lecture/lab attached. Students may have to have FBI/BCI background checks, certain immunizations, and/or drug screens completed prior to being assigned a site. With the addition of the COVID-19 vaccine, the possibility exists students may be required by the clinical site to be vaccinated.

*Students are responsible for the costs of immunizations, drug testing, and background checks.*

## **Externship/Clinical/Practicum Schedules**

Students on externship/clinical may have schedules that vary as to the times and days of the week of the experiences. Students taking courses in the evening may be required to complete externships/clinicals during the day and/or on the weekend.

## **Remuneration**

Students do not receive remuneration for externship or clinical experiences.

## **Student Responsibilities**

- Arrive on time, in proper attire, with identification to the site.
- Fulfill all duties and responsibilities while on site.
- Protect the privacy and confidentiality of medical records following HIPAA.
- Meet with school representatives as needed/required.
- Participate in the evaluation of competencies while on site.
- Evaluate the effectiveness of the externship experience.
- Report to designated individuals when ill or unable to attend experiences (which may include sanctions/disciplinary action).
- Be courteous and professional always.

## **Advisory Boards**

Each program has an advisory board or Program Advisory Committee (PAC). These committees meet to give the campus feedback on programs, curricula, facilities, equipment, and student learning outcomes.

## **Student Grievance Procedures**

Students with a grievance or complaint need to raise their concerns as soon as possible to assure a resolution is made in a timely fashion. The grievance must be submitted within five (5) days of the incident. The policy below has been developed by the school to offer a systematic and equitable process to resolve student complaints regarding academic and non-academic matters.

## **Classroom and Other Academic Matters**

Students with complaints or grievances related to academic matters, classroom policies regarding course-specific testing, classroom assignments, or grades must first discuss their concerns with the instructor and, if necessary, their Program Coordinator. If the matter is not resolved, students may bring their complaint to the attention of the Dean of Education within five (5) days of the incident.

## **Non-Academic Matters**

Students with complaints or grievances concerning non-academic matters (i.e.: Financial Aid, Admissions, Career Services, etc.) should direct their concerns to the appropriate Department Manager and/or notify their Program Coordinator within five (5) days from the incident.

### **Additional Steps for Grievance**

Should the grievance remain unresolved, students will be advised to submit the matter in writing to the Dean of Education within five (5) days of the unsatisfactory meeting with the Program Coordinator or Department Manager. The Dean of Education will review the matter with all the parties concerned, and may meet with the student. The Dean of Education will respond to the grievance within five (5) days of notification.

If unsatisfied with the decision of the Dean of Education, students may submit the grievance to the Campus President; the written grievance should be sent to the office within forty-eight (48) hours of the unsatisfactory decision by the Dean of Education. The office will respond to the student within five (5) days of receipt of the written grievance.

If the complaint cannot be resolved after exhausting the Institution's grievance procedure, the student may file a complaint with the Delaware Department of Education. All grievances may be directed to the Delaware Department of Education, John G. Townsend Building, 401 Federal Street, (Federal & Loockerman Streets), Dover, Delaware 19901

## **ACCSC COMPLAINT PROCEDURE**

Schools accredited by the Accrediting Commission of Career Schools and Colleges must have a procedure and operational plan for handling student complaints. If a student does not feel the school has adequately addressed a complaint or concern, the student may consider contacting the Accrediting Commission. All complaints reviewed by the Commission must be in written form and should grant permission for the Commission to forward a copy of the complaint to the school for a response. This can be accomplished by filing the ACCSC Complaint Form. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the Commission.

Please direct all inquiries to:

### **Accrediting Commission of Career Schools & Colleges**

2101 Wilson Boulevard, Suite 302  
Arlington, VA 22201 (703) 247-4212

A copy of the ACCSC Complaint Form is available at the school and may be obtained by contacting school administration or online at [www.accsc.org](http://www.accsc.org).

## **Student Surveys and Suggestions**

Students will evaluate instructors and courses for which they are registered at the end of each term. The Dean of Education and/or Program Coordinator will review these surveys and follow up with students and/or instructors as needed.

Students will also complete Student Satisfaction Surveys covering the student's total experience at the school. This survey is meant to assess student satisfaction with all services offered by the campus, plus that of individual

departments, staff, and administration. Ultimately, the results from this survey are used to assist with annual evaluations of the school and programs.

Students may also turn in suggestions or complaints via email to campus leadership.

## **Student Code of Conduct**

Students are expected to follow behavior and dress code policies in addition to those academic policies such as attendance and academic performance. Students are expected to be professional, courteous, and always show respect for persons, learning, and the learning environment.

### **Expectations**

#### **Academic Misconduct**

All work submitted by a student is expected to be the student's own work. All students are preparing for careers and most will be required to pass a certification or licensing exam to practice in their chosen career fields. Instructors must accurately assess students' skills and knowledge to ensure all students are well-prepared. Additionally, there are ethical implications if students submit work not their own.

The following are some examples of Academic Dishonesty:

- Cheating on tests/quizzes/assessments – Cheating will not be tolerated. Cheating occurs when a student copies another student's work, uses notes during an assessment without approval of the instructor, takes a picture of an assessment, uses a picture of an assessment provided by someone else, or in any other way has assistance on an assessment not authorized by the instructor.
- Plagiarism – Plagiarism is the use of another's work without giving proper credit to that source, including cutting and pasting information from the Internet without properly citing the work. If a student needs assistance with proper citing of sources, the student should seek guidance from an Instructor, Program Director or the Librarian/LRC point of contact.
- Unauthorized collaboration – All work submitted by a student is expected to be completed by the student alone, unless the instructor expressly indicates the assignment is a group project.

An occurrence of any of the above items constitutes a violation of the Academic Honesty Policy. Additionally, a student who assists another student in committing any kind of Academic Dishonesty is subject to the same consequences as the student who violates the policy directly.

#### **Dress Code**

Students must maintain a clean and professional appearance while in class, on site, or out on clinical/externship. Employers may visit the campus, so it is important students always show a professional image. Dress and grooming should be appropriate for the area of study. In general, students should refrain from wearing shorts, tank tops or other sleeveless tops, clothing showing obscenities, sandals or other open-toed shoes, ripped or torn clothing, visible undergarments, jeans, sweatpants, and leggings and/or other athletic attire. Hats, scarves, do-

hats, sunglasses are prohibited unless required for religious reasons or authorized appropriate by a school official for a specific purpose.

Students should maintain clean personal hygiene, and make-up should always be complementary and not distracting. In lab classes, students with long hair may be asked to pull hair off the collar and nails may need to be short, manicured, and without artificial or overlays. In addition, lab classes may require students to wear minimal jewelry and remove facial piercings or hoop earrings.

Students dressed inappropriately will not be permitted to attend school. Those who disregard the dress code will be warned. If the problem persists, the student may receive additional disciplinary action as a part of this Student Code of Conduct. Each program may have specific dress code guidelines. Questions should be addressed to the specific Program Coordinator.

### **Scrubs**

Students are given two (2) pair of uniforms/scrubs, included in tuition and fees. Students should keep scrubs clean and well-fitting. Students should wear closed-toe shoes with scrubs. Sweaters and long-sleeved shirts may be worn under scrubs, but no bulky sweaters or coats will be worn in any class, lab, or clinical. Tattoos must be covered during the clinical portion of the program.

### **Cell Phone Usage**

Cell phones must be turned off (vibrate only) while students are in the classrooms. In emergencies, the instructor may give a student permission to use a cell phone.

### **Food and Drink in the Academic Areas**

No consumption of foods or beverages is allowed in any area of the school except for designated faculty areas or student lounges. Vending machines are in the student lounge. Food and beverages are not allowed in the labs or computer labs. Beverages in closed containers are permitted in lecture classrooms.

### **Drug- Free Schools and Communities Act of 1989**

The Drug-Free Schools and Communities Act Amendments of 1989 require an institution of higher education, as a condition of receiving funds or any other form of financial assistance under any federal program, to certify it has adopted and implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees.

- A. The unauthorized and/or unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance or alcohol is strictly prohibited in all facilities of the school, in all places where its students/employees attend/work, including all vehicles, and as any part of the school's activities. The school reserves the right to conduct drug and/or alcohol testing for pre-employment/enrollment, reasonable suspicion, and post-accident. In the case of an employee or student with a prior violation for drugs or alcohol, the school will subject those individuals to random screening but they will be notified of that condition.
- B. A controlled substance is one which appears in schedules I through V of section 202 of the Controlled Substances Act (21 U.S.C. 812). As a condition of employment/enrollment, all students/employees shall abide by this prohibition and notify the school of any criminal drug or alcohol statute conviction for a violation of this Policy as provided by paragraph (b) below. Violation of such prohibition shall result in action against the student/employee, as set out in section (g) below, which shall include action up to and

including expulsion/termination, and/or satisfactory participation in an approved drug or alcohol abuse assistance or rehabilitation program. Participation in such a program shall not be paid for by the school, but may be covered by a(n) employee's/student's health insurance policy. Federal and State penalties for unlawful use, possession, or distribution of drugs or alcohol are stated below.

All violations of this Policy shall be reported to the Dean of Education, or their designee, who shall report the violation to the appropriate law enforcement authority. Action shall be taken in all cases of a chargeable offense under the provisions of the applicable State law or comparable Federal law; however, a conviction of the charged offense shall not be necessary to act against the student/employee for a violation of this Policy.

- C. All students/employees shall notify the Dean of Education/Director of Human Resources in writing of any criminal drug or alcohol statute conviction for a violation occurring in any facility or on the property of the school, or at any school activity, no later than five days after such conviction. Failure of the student/employee to make such a notification shall lead to expulsion/termination from the school. Within ten days of receiving notice of any employee convicted as described above, the school shall notify the federal agencies providing grants to and through the school in accordance with the Drug-Free Workplace Act of 1988.
- D. Within thirty (30) days of receiving notice of any student/employee convicted as described in section (B), the school will:
  - a. Take appropriate action against such a student/employee, up to and including expulsion; or
  - b. Request such student/employee participate satisfactorily in a drug or alcohol abuse assistance or rehabilitation program approved for such purposes by Federal, State, or local health, law enforcement, or other appropriate agency. **This action may be taken by the school prior to conviction.**

## Other Violations

Other Student Code of Conduct violations, in addition to those listed above in more detail, include:

- Theft/stealing
- Unprofessional conduct
- Sleeping in the classroom
- Disruptiveness in the classroom
- Offensive touching
- Use of profanity or other unacceptable language
- Possession of firearms or other weapons
- Insubordination
- Noncompliance with safety rules,
- Use of/being under the influence of alcohol or illegal drugs
- Distributing alcohol or illegal drugs
- Threats of violence
- Bodily harm
- Vandalism of school property or equipment
- Harassment of any kind
- Sexual assault
- Furnishing false information to the school (forgery included)

- Any other misbehavior the school deems inappropriate or unprofessional

**In less severe offenses, students may be given a warning before other penalties take effect.**

## Sanctions/Penalties

The Student Code of Conduct helps ensure the learning process and learning environment are safe and supportive for students. In the event a violation of the Student Code of Conduct occurs, the school will impose fair and progressive sanctions. However, if a violation is severe, the school may impose the strictest sanctions on a student up to and including expulsion. The sanctions are described below. **Students may be sent home from a class session for a day by an instructor while the Dean of Education reviews for additional disciplinary sanctions.**

If the student is found to be in violation of unprofessional conduct/behavior, the instructor or staff member will communicate and identify the problem to the student, in writing, using the Code of Conduct Violation Form. The form will be reviewed by the Dean of Education for further disciplinary review.

**Warning:** A warning is an official conversation between the student and either the Dean of Education and/or Campus President. The conversation will be documented in the Student Information System but does not become a part of the student's permanent record. Further misconduct may result in more severe disciplinary sanctions.

Students who are found to be cheating or plagiarizing will first meet with the Instructor and/or Program Coordinator. Students found in violation will receive a zero (0) for the impacted activity involved in the infraction.

**Written Reprimand:** A reprimand is the official written notification of unacceptable behavior and becomes a part of the student's permanent record. The student must sign the document. Further misconduct may result in more severe disciplinary sanctions.

**Suspension:** A suspension is the official loss of campus privileges for a specific period not to exceed 14 calendar days. During this time, the student is not allowed on campus, at campus functions, or on externship/clinical and will be marked as absent for any missed class sessions. Suspended students will not be allowed to attend any make-up labs, tests, exams, or competencies missed. Further misconduct may result in more severe disciplinary sanctions.

**Expulsion:** An expulsion is the official, permanent loss of campus privileges and results in the student being withdrawn from the institution and unable to complete the program of study. Students who are expelled receive a grade of W (withdrawal) for any courses in which they are currently enrolled.

\*Violent, sexual, or drug-related incidents may be handled at the strictest sanction, expulsion, at the discretion of campus leadership.

## Appeals

Students have the right to appeal sanctions/penalties given per the Student Code of Conduct policy. Students wishing to appeal should do so in writing and within five (5) days of the decision. The Dean of Education and Appeal Committee (often comprised of the DOE, faculty, Program Coordinator, and Campus President) will review all documentation and make all final decisions within five (5) days of the written appeal being turned in by the student.

If the appeal is not resolved, the student may review the Student Grievance Policy.

## Arbitration/No Class Action

1) The Student and the School agree that all controversies, disputes, or claims arising out of or relating to this Agreement and any other disputes or claims of any kind or nature that in any way arise out of or relate to enrollment and/or attendance at the School, that are not first resolved through the School's internal student complaint process, shall be resolved by means of binding arbitration administered by the American Arbitration Association in accordance with its then existing Commercial Arbitration Rules.

- (a) We agree that neither we nor anyone else who later becomes a party to this predispute arbitration agreement will use it to stop you from bringing a lawsuit concerning our acts or omissions regarding the making of the Federal Direct Loan or the provision by us of educational services for which the Federal Direct Loan was obtained. You may file a lawsuit for such a claim or you may be a member of a class action lawsuit for such a claim even if you do not file it. This provision does not apply to other claims. We agree that only the court is to decide whether a claim asserted in the lawsuit is a claim regarding the making of the Federal Direct Loan or the provision of educational services for which the loan was obtained.

2) Claims shall be heard by a panel of three arbitrators who shall be a practicing attorney or retired judge with at least 15 total years of working experience as such.

3) Each arbitration shall involve only a single student, unless otherwise agreed to by the parties. There shall be no class actions or any other type of claim asserted on behalf of more than a single student.

- (a) We agree that neither we nor anyone else who later becomes a party to this agreement will use this agreement to stop you from being part of a class action lawsuit in court. You may file a class action lawsuit in court or you may be a member of a class action lawsuit even if you do not file it. This provision applies only to class action claims concerning our acts or omissions regarding the making of the Federal Direct Loan or the provision by us of educational services for which the Federal Direct Loan was obtained. We agree that only the court is to decide whether a claim asserted in the lawsuit is a claim regarding the making of the Federal Direct Loan or the provision of educational services for which the loan was obtained.

4) The arbitration shall be held in Newark, Delaware, unless otherwise agreed to by the parties. The arbitration shall be governed by the laws of the State of Delaware, to the extent that the Federal Arbitration Act does not apply and control.

5) Each party shall pay its own attorney's fees, costs, and expenses and an equal share of the arbitrators' and administrative fees of arbitration, unless otherwise ordered by a court of law or by an arbitrator.

6) A party may apply to the arbitrator seeking injunctive relief until an arbitration award is rendered or the dispute is otherwise resolved. A party also may, without waiving any other remedy, seek from any court having jurisdiction any interim or provisional relief that is necessary to protect the rights of that party pending the arbitrator's appointment or decision on the merits of the dispute.

7) No demand for arbitration may be made after the date when the institution of legal or equitable proceedings based on such claim or dispute would be barred by the applicable statute of limitations.

8) Judgment upon the arbitrator's award may be entered in any court having jurisdiction. The arbitrator is not authorized to award punitive or other damages not measured by the prevailing party's actual damages.

9) The arbitration proceedings and arbitrator's award shall be maintained by the parties as strictly confidential, except as is otherwise required by court order or for disclosure in confidence to the parties' respective attorneys, tax advisors, and senior management and to family members of a party who is an individual.

## Copyright Policy

Copyright infringement is a violation of federal law and subject to severe penalties and sanctions. It can also be a violation of federal criminal law. Under Federal Copyright Law, Copyrighted works may not be copied, published, disseminated, displayed, performed or played without the permission of the copyright holder.

### Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

For more information, please see the website of the U.S. Copyright Office at [www.copyright.gov](http://www.copyright.gov).

### School Policies for Violating Copyright

Employees and students thought to be in violation of copyright law through illegal downloading or copying peer-to-peer file sharing while using the school network may be subject to disciplinary action under the employee or student code of conduct.

## Satisfactory Academic Progress (SAP)

The School's Satisfactory Academic Progress (SAP) standards measure each student's progress toward the completion of the student's program of study. SAP standards determine a student's eligibility to receive federal financial aid under Title IV of the Higher Education Act; however, SAP standards are applied to all students and represent a minimum standard of academic achievement required by the School for continued enrollment in addition to eligibility for federal financial aid programs. Satisfactory Academic Progress (SAP) is required for all programs and all students, regardless of financial aid or full-time enrollment statuses. *Veteran Benefits will be terminated if the VA student does not meet the stated SAP policy.*

### SAP Standards

*Evaluation Points:* All financial aid evaluations occur at the end of each payment period; evaluations are cumulative and based on both quantitative (pace) and qualitative (cumulative grade point average) measures. Students who return after a period of non-attendance will have the SAP status reviewed for the most recently completed period. All credits count in evaluation points regardless of whether the student receives federal

financial aid or is on probation. At the end of any evaluation period, if a student's pace or CGPA fall below the thresholds below, the student's academic progress is considered unsatisfactory.

**Thresholds:** SAP is measured in both pace (credit hours earned/credit hours attempted) and cumulative grade point average (CGPA).

- Pace: Students must have a **66.67% cumulative completion pace** by graduation and after each quarter of enrollment.
  - o Credit hours earned are those credits for which the student receives a passing grade at the end of the quarter.
  - o Credit hours attempted are those credits for which the student is enrolled regardless of whether the student passes or fails the course.
- CGPA: Students must earn a **CGPA of 2.00** by graduation and after each quarter of enrollment.

\*Students in the Class A CDL Driving program (4 week program) will have SAP evaluated only at the end of the program.

**Maximum Timeframe:** In addition to the pace and CGPA requirements, students must complete the program within **150% maximum timeframe** of the published length and/or the quantitative measure (total number of credits required for completion of the educational program) for financial aid purposes.

- DCI does not offer non-credit remedial courses, nor does DCI have graduate programs.
- This standard applies to diploma and degree programs.
- Approved transfer credits count towards maximum timeframe calculations.

Maximum Timeframe is not to exceed 150% of the normal length of a program. To calculate maximum timeframe, take the published number of credit hours required to graduate and multiply by 1.5. If, at any time, the student is determined to be mathematically impossible to complete the program of study within the maximum timeframe, the student will be ineligible for additional Title IV funding and dismissed from the program.

### **Other Factors Impacting SAP**

**Transfer and Proficiency Credits:** Both transfer and proficiency credits count as both hours attempted and earned for pace but do not count in the CGPA.

**Program Changes:** Students changing programs will have all applicable coursework from the previous program transferred into the new program version including both passing and failing attempts. These credit hours count as attempted and earned for pace and the grades count toward the CGPA.

**Repeated Courses:** Failing (grade of F) or withdrawn (grade of W) courses require repeating and are counted as credits attempted but not earned. Withdrawn grades do not count toward CGPA, but failing grades do count toward CGPA until repeated. Once a course is repeated, the CGPA will use the highest grade. Students passing courses with a "D," may also repeat the course one time to earn a higher grade and use federal financial aid. When retaking courses, both originally failed and retaken course credit hours are calculated as attempted hours for maximum timeframe. *The VA will only pay for a repeat due to a failing grade and will not pay for attempting to improve a "D" or higher grade.*

**Incompletes:** Incomplete grades (I) not completed within the first two (2) weeks of the immediately following quarter will be changed to failing grades (F). The course should be repeated the next time offered. If extenuating

circumstances exist, exceptions *may* be made for externship courses only (at the discretion of and by appealing to the Dean of Education) where the two (2) weeks may be extended for up to six (6) weeks.

### **Situations Leading to Loss of and Regaining Federal Financial Aid Eligibility**

**Unsatisfactory Academic Progress:** At the end of any evaluation period, if a student's pace or CGPA fall below the thresholds above, the student's academic progress is considered unsatisfactory.

**Financial Aid Warning:** The first quarter a student has unsatisfactory academic progress, the student will be placed on Financial Aid Warning (FAW) status. Students are sent a letter to notify them of FAW status. Students may continue to receive federal financial aid while on this status. Students who meet both pace and CGPA standards at the end of the next quarter of attendance will return to a satisfactory academic progress status and the FAW status will be removed.

**Financial Aid Probation:** Students who do not meet both pace and CGPA standards at the end of a Financial Aid Warning quarter are no longer eligible to receive federal financial aid and are dismissed. Students may appeal dismissal, as defined in the next section, and upon approval of an appeal, the student will be placed on Financial Aid Probation (FAP) and are eligible to continue receiving federal financial aid while on this status. Students who meet both pace and CGPA while on Financial Aid Probation will return to satisfactory academic progress status and the FAP status will be removed. Students may persist on Financial Aid Probation status for multiple quarters if sufficient progress is being made toward an Academic Plan, as defined in the next section. Progress will be reviewed at the end of each quarter to determine progress and federal financial aid eligibility.

**SAP Appeals:** Students who wish to appeal dismissal for Financial Aid Probation must submit a SAP Appeal Form to the Dean of Education. Once a SAP Appeal has been received, the appeal committee (Director of Financial Aid, Dean of Education, and Program Director), will convene to review the appeal. Any supporting documentation should be submitted with the appeal for review (i.e. medical records, court records, death in the family, etc.). The appeal documents must be received by 5:00 pm on the Tuesday following the end of the quarter to be reviewed prior to the beginning of the next quarter.

- If an appeal is denied, the student will be dismissed and ineligible to receive federal financial aid.
- If an appeal is approved, the student will be placed on Financial Aid Probation.
- If an appeal is approved, a representative from the appeal committee will create an Academic Plan for the student, and the student will be considered eligible to receive federal financial aid. The academic plan will include a target GPA to reestablish SAP within a reasonable timeframe. The student's performance will be reviewed against this plan at the end of each subsequent quarter. If the student's progress is consistent with the terms of the academic plan, the student will remain eligible to receive federal financial aid. If the student's progress is not consistent with the academic plan, the student will be dismissed.

**SAP Progression:** Students may meet requirements to go back through the SAP progression (FAW, FAP, etc.) if the student returns to meeting satisfactory academic progress but later has terms of unsatisfactory progress. In these instances, students may have more than one (1) appeal on file.

## **Career Services**

### **Employment Assistance**

DCI's goal is to have each graduate obtain employment in a career field related to his or her field of study. DCI does not, however, promise or guarantee students a job upon enrollment or graduation. The Career Services Department advises students on resume and letter writing, interviewing techniques, and personal development. A Page | 47 January 5, 2023 update)

conscientious effort is made to match each student's capabilities and desires with the most appropriate jobs familiar to the department.

We offer individualized attention to students who are seeking career direction. Thorough assistance is provided for students who want to clarify career direction or determine occupations of interest by appointment with a Career Services Associate at the Career Services Office. Additionally, career assessments are available after an initial meeting. Career Services Associates are available to assist students with career planning and job/internship search strategies. Career Services will review the content and presentation of resumes and cover letters. We offer a wide range of assistance in preparing for interviews, including mock interviews. Students may drop in the Career Services office with quick questions or to have resumes reviewed by Career Services Associates: available each afternoon, Monday through Friday, between 1:00 and 4:30 P.M. More in-depth appointments with a Career Services Associate are typically available the next business day.

To set up an appointment with a Career Services Associate, please stop by Career Services, located in the LRC in Room 124, or call 302-633-4561.

DCI supports all students in the pursuit of entry-level jobs in their new professions. The Career Services Department will assist each student in learning and applying step-by-step, specific strategies for a successful job search, including:

- Helping to prepare, review, and update resumes and other job search correspondence including cover letters and letters of recommendation;
- Role playing possible interviewing situations;
- Providing opportunities for on-campus interviewing and interview preparation;
- Conducting mock interviews and interview seminars;
- Locating, identifying, and posting employment opportunities; and
- Distributing student resumes to potential employers.

Students are responsible for working with the Career Services Department during their job search. Students can ensure success while working with their Career Services Associate by making their resume and cover letter unique, proactively using the job search techniques taught in class, and/or being open to moving for work or driving further to work. The greatest tool available to students for employment success is constant communication with the Career Services office. Students who keep in contact with their Career Services Associate, return phone calls, and keep appointments are the most successful during the job search.

## Employment Disclosure

DCI cannot promise or guarantee employment of a specific salary to any student or graduate.

## Employment Opportunities

### Allied Health Programs

**Medical Assisting** program graduates qualify to work in facilities including but not limited to: hospitals, clinics, physicians' offices, outpatient clinics and other healthcare facilities. Their duties include administrative and clinical tasks and will vary with the location, specialty, and size of the practice.

**Dental Assistant** program graduates qualify to work in dentists' offices and dental clinics. Dental assistants perform many tasks, ranging from providing patient care and taking x-rays to recordkeeping and scheduling appointments. Their duties vary by location and the dentists' offices where they work.

**Medical Billing and Coding Specialist** program graduates will typically work in offices of insurance companies, physicians' offices, or other healthcare organizations. Their duties typically include assigning appropriate diagnoses and procedure codes for patient care and billing purposes, as well as working as a liaison between healthcare providers and billing offices.

**Nursing Assistant/Home Healthcare** program graduates will be prepared to enter employment in nursing and residential care facilities and hospitals. Nursing assistants play a critical role in the healthcare field, helping provide basic care for patients in hospitals and residents of long-term care facilities, such as nursing homes.

### **Wellness Programs**

**Advanced Esthetician** program graduates are prepared to work in salons and beauty and health spas; some are self-employed, providing services to cleanse and beautify the face and body to enhance a person's appearance.

### **Trades Programs**

**Advanced Class A CDL Driving** program graduates are prepared to operate commercial vehicles, transporting goods from one location to another. The employment opportunities may be with local, regional, or long-haul companies, with various routes, from intercity to cross country. Additionally, graduates will be prepared for entry-level employment in distribution and logistics operations, in positions such as yard jockey, materials handler, and shipment processor.

**Class A CDL Driving program** graduates will be prepared for employment as commercial truck drivers, transporting goods from one location to another. Due to the short-term nature of this program, these opportunities will be primarily with long-haul, or over the road carriers.

**HVAC Technician** program graduates are prepared to work in homes, schools, stores, hospitals, office buildings, or factories, installing, troubleshooting and repairing heating, ventilation, cooling, and refrigeration systems controlling the temperature and air quality in those buildings.

The school does not guarantee any employment or minimum starting salary. To find the most current employment trends for all programs, go to the following websites: [www.bls.gov](http://www.bls.gov) and [www.onetonline.org](http://www.onetonline.org).

### **Workshops and Events**

Programs and workshops to assist with career planning, developing job search skills, and networking are offered on a regular basis. Additional, larger events and programs include alumni/student networking lunches and guest speakers. DCI continually sponsors events and programs to help students make good career decisions and prepare for life after school. Workshop topics include resume and cover letter writing, interview techniques, and researching the industry, among other topics. For individual assistance, students may schedule an appointment with Student Affairs at any time during their educational experience with DCI.

### **Student Services**

DCI offers a Student Affairs team to support students throughout their program of study to ensure they may achieve their educational goals. In addition to monitoring students' attendance and participation, the Student Affairs team guides students in crisis situations as how to contact providers of child care, emergency shelter and crisis intervention assistance, or other services when appropriate.

## Programs of Study - Active

The following programs of study are active as of January 2019. Currently enrolled students will finish their programs of study in the programs in the next section. Only newly enrolled students will be enrolled in these new programs.

### Advanced Esthetician

**Length:** 720 Contact Hours/ 900 Effective Hours; 36 weeks

**45.00 Credit Hours**

**Credential Awarded:** Diploma

### Program Description

Our philosophy on skin care embraces a blend of both European therapies and medical treatments designed to enhance the skin's natural beauty. Utilizing a hands-on approach to training, our students develop a working knowledge of a wide array of products designed to rejuvenate the skin while receiving practical experience working in a fully functioning salon setting. The wellness industry continues to grow, and graduates of our Advanced Esthetician program can find entry-level employment as estheticians in hotel spas, on cruise ships, at health spas, at beauty salons, directly with cosmetic surgeons and dermatologists, or through self-employment. Upon successful completion of the program, students will be prepared to take the state examination for licensure as an Esthetician. The objective of the Advanced Training for Esthetician diploma program is designed to prepare students for entry-level positions as Estheticians.

***Estimated Outside Work is approximately 6.0 hours per week.***

Course Code	Course Name	Academic Credits	Course Clock Hours
COM1100	Professional Communications	3.5	50
EST1110	Hair Removal	3.0	50
EST1120	Practical Applications	6.0	100

## Advanced Class A CDL Driving

**Length:** 480 Contact Hours/ 600 Effective Hours; 18 weeks

**30.00 Credit Hours**

**Credential Awarded:** Diploma

### Program Description

This program offers students in-depth preparation for a career as a professional driver, and preparation for the Class A CDL exam. The As a result, graduates will be prepared for entry-level employment in transportation operations, in positions such as truck driver, yard jockey, materials handler, or other related occupation in the transportation industry. During the program, students will be presented with a broad range of topics related to the commercial transportation industry, safety and safe driving concepts and techniques, as well as development of their truck driving skills, both on road and the driving range.

Course Code	Course Name	Academic Credits	Course Clock Hours
CDL1112	CDL Theory & Basic Vehicle Control	5.0	80
CDL1124	Hours of Service & Basic Vehicle Control	5.0	80

CDL2323	Safe Vehicle Operation and Road Hazards	5.0	80
		<b>30.0</b>	<b>480</b>

\*Prior to entering the driving portion of the program, students must pass a DOT physical and drug screen.

## Class A CDL Preparatory Program

**Length:** 160 Contact Hours; 5 weeks

**00.00 Credit Hours**

**Credential Awarded:** Diploma

### Program Description

The Class A CDL Preparatory Program is designed to provide students with the basic skills to become safe, well-prepared commercial drivers, employed in the transportation industry. Through a combination of classroom presentation and hands-on practice, students will be prepared to take the Commercial Driver's License (CDL) knowledge and skills tests. Upon passing this exam, graduates will be qualified to enter entry-level employment in the transportation industry, in positions such as truck driver, yard jockey, tractor trailer driver, etc. During the program, students will be exposed to topics, such as shifting, backing and docking, speed and space management, lane control and turning, pre- and post-trip inspections, all of which lead to safe vehicle operation, and preparing our graduates to meet the expectations of today's employers in the field.

Course Code	Course Name	Academic Credits	Course Clock Hours

CDL0121	CDL Skills and Road Test Preparation	0	120
		<b>0</b>	<b>160</b>

\*Prior to entering the driving portion of the program, students must pass a DOT physical and drug screen.

## Dental Assistant

**Length:** 900 Contact Hours; 36 weeks day

**53.00 Credit Hours**

**Credential Awarded:** Diploma

### Program Description

The Dental Assistant program is designed to train students to acquire satisfactory skills and demonstrate competence in a variety of dental office procedures and laboratory techniques. The procedures and lab techniques include preliminary examination procedure, assisting at chair side, charting, appointment scheduling, keeping patient records, prepare dental impressions and restorative materials, and sterilizing instruments as set forth in government regulations and guidelines. The program prepares students to work in the operator or treatment room with the dentist and prepares cases to be sent to an outside laboratory. Students trained in radiology may also take, expose, and mount radiographs. Students are trained in all areas of professional development including applicable terminology, theory, word processing, customer relations, and administrative office skills. Upon satisfactory completion of the program, students will be qualified to assume entry-level positions as a Dental Assistant in dental offices and clinics performing the lab techniques and office procedures described above.

*Estimated Outside Work is approximately 6.0 hours per week.*

## HVAC Technician

**Length:** 735 Contact Hours; 36 weeks day

**43.00 Credit Hours**

**Credential Awarded:** Diploma

### Program Description

The Heating, Ventilating, Air Conditioning, and Refrigeration program will train students in proper safety practices for designing, building, and maintaining various types of heating, ventilation, air conditioning, heat pump, and refrigeration accessories. The program prepares graduates with basic knowledge in residential HVACR careers. Students complete an externship practicing the skills learned throughout the program.

***Estimated Outside Work is approximately 5.0 hours per week.***

## Medical Assisting

**Length:** 900 Contact Hours; 36 weeks

**53.5 Credit Hours**

**Credential Awarded:** Diploma

### Program Description

Medical Assistants perform routine administrative and clinical tasks to keep the offices and clinics of physicians, podiatrists, chiropractors, and optometrist offices running smoothly. The objective of the Medical Assisting Program is to prepare students to acquire satisfactory and demonstrate competency in a variety of medical office procedures and laboratory techniques under the direction supervision of a physician. The medical procedures and lab techniques include injections, EKG's, vital signs, urinalysis, phlebotomy, assisting in minor surgery and emergency situations. Front office skills include patient date collection, scheduling patients, answering phone inquiries, insurance claims processing, bookkeeping, billing/collection, keyboarding, transcription, word processing and computer billing. The Medical Assisting diploma program is designed to prepare the student for an entry-level position in a medical office or clinical setting. Upon successful completion of the program, the student will be eligible to work in medical centers, doctors' offices, and hospitals as a medical assistant under the supervision of a physician or other healthcare provider in any medical setting in the healthcare industry.

***Estimated Outside Work is approximately 6.0 hours per week.***

## Medical Billing and Coding Specialist

**Length:** 900 Contact Hours; 36 weeks

**54.00 Credit Hours**

**Credential Awarded:** Diploma

### Program Description

Medical Billing and Coding Specialists are familiar with the daily operations of the medical office environment, medical terminology, current billing procedures, implementing procedures and diagnostic codes, basic bookkeeping, and the legal aspects surrounding the medical office. The purpose of the Medical Billing and Coding Specialist diploma program is to prepare the student for entry-level positions in the areas of HIPAA Compliance, medical billing and coding, and electronic health records management. This program provides skill training in data collection, documentation, ICD-9 and ICD-10 diagnostic & procedural coding, bookkeeping, updating insurance rules & regulations, and cash flow management. Career Opportunity sites include: doctors' offices, chiropractors' offices, physical therapists' offices, anesthesiologist offices, outpatient clinics, laboratories, radiology centers, long-term care facilities, acute care hospitals, insurance companies, managed care organizations, billing services, consulting firms, schools, organizations, and self-employment.

***Estimated Outside Work is approximately 6.0 hours per week.***

**The Medical Billing and Coding Specialist program is offered in hybrid format only.**

## Nursing Assistant/Home Healthcare

**Length:** 140 Clock Hours; 6 weeks

**0.00 Credit Hours**

**Credential Awarded:** Certificate

### Program Description

The Nursing Assistant/Home Healthcare Aide is a trained medical professional who can work in a variety of settings. This certificate program is designed for students desiring training to become certified nursing assistants. This program prepares the student, upon graduation, to sit for the Delaware State Nursing Assistant Certification Examination and for an entry-level position as a nursing assistant. Students are required to participate in a clinical learning experience at an approved nursing facility under the supervision of an instructor. Classroom instruction is provided in theory and practical skills including anatomy and physiology, cardiopulmonary resuscitation, and professional career and development courses. Upon certification, the successful candidate may seek entry-level employment in one of the following positions: certified nursing assistant in a hospital setting assisted living facility, centers for the developmentally disabled, retirement home, long-term care facility private home, and/or other skilled or unskilled nursing facility or home healthcare company.

Course Code	Course Name	Academic Credits	Course Clock Hours

## Course Descriptions

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre - requisite(s)
COM1100	Professional Communications	3.5	50	0	0	12.5	None
This course teaches students the basics of written and oral communication while utilizing the fundamentals of psychology as the content by which students practice communication skills. Students will review basic writing concepts including grammar, punctuation, and word usage. Students will practice oral communication skills through presentations. Students will be introduced to psychology concepts relevant to aspects of life, specifically linked to individual and group behavior, and how these impact stress, coping, and health in their personal and professional lives.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre - requisite(s)
CDL0111	Introduction to CDL Theory	0	40	0	0	0	None
This course begins by preparing students for the written portion of the CDL test, which is required to obtain a CDL Learner's Permit, which is necessary for the on-road portion of the program. In addition, students will cover material required of new drivers under the FMCSA's Entry Level Driver Training Standards, which must be completed in order for the student to be scheduled for the pre-trip, skills and road portions of the CDL test.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre - requisite(s)
CDL0121	CDL Skills and Road Test Preparation	0	0	120	0	0	CDL0111
This course covers the hands-on practice of commercial truck driving. Students complete inspections and practice backing, parking, and driving skills. Students complete skills both on the range and out on the road, including night driving. Students prepare for the pre-trip, skills and driving portions of the Commercial Driver's License exam.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre - requisite(s)
CDL1112	CDL Theory & Basic Vehicle Control	5.0	44	36	0	20	None
This course prepares students to pass the CDL written tests for General Knowledge, Air Brakes and Combination Vehicles. In addition, students will engage in hands-on practice of introductory commercial truck driving skills, conducting vehicle inspections and practicing backing maneuvers on the driving range. Using online modules, classroom lecture and participation, out-of-seat lab activities, driving range skill practice and homework assignments, students gain the foundational knowledge to prepare for a career as a well-rounded transportation professional.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre - requisite(s)
CDL1124	Hours of Service & Basic Vehicle Control	5.0	44	36	0	20	None

This course prepares students to understand the hours-of-service requirements and compliance for commercial vehicle operators, both manual and electronic record keeping. In addition, students will engage in hands-on practice of introductory commercial truck driving skills, conducting vehicle inspections and practicing backing maneuvers on the driving range. Using online modules, classroom lecture and participation, out-of-seat lab activities, driving range skill practice and homework assignments, students gain the foundational knowledge to prepare for a career as a well-rounded transportation professional.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre - requisite(s)
CDL1131	Vehicle Systems with Range and Road Training	5.0	44	36	0	20	CDL1112

This course introduces students to the various systems on a commercial vehicle and how to maintain them while performing the responsibilities of the transportation professional. Students learn about the frame, suspension, engine, fuel, exhaust, lubrication, electrical, brake, steering, and coupling systems. Students learn about preventative maintenance and simple emergency repairs. Basic troubleshooting and how to use sight, sound, feel, and smell to detect problems and how to properly communicate when a problem is identified. In addition, students will engage in hands-on practice of commercial truck driving skills, conducting vehicle inspections, practicing backing maneuvers on the driving range and participating in on-road driving practice. Using online modules, classroom lecture and participation, out-of-seat lab activities, driving range skill practice and homework assignments, students gain the foundational knowledge to prepare for a career as a well-rounded transportation professional.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre - requisite(s)
CDL1141	Safe Vehicle Operation and Transporting Cargo	5.0	44	36	0	20	CDL1112

This course includes the hands-on practice of commercial truck driving. Students complete inspections and practice backing, parking, and driving skills, both on driving the range and out on the road. Additionally, this course will prepare students to become safer vehicle operators and provide them with defensive driving techniques to utilize on the road. Using online modules, classroom lecture and participation, out-of-seat lab activities, driving range skill practice and homework assignments, students gain the foundational knowledge to prepare for a career as a well-rounded transportation professional.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre - requisite(s)
CDL2313	Safe Vehicle Operations and Equipment Malfunctions	5.0	44	36	0	20	CDL1112

This course includes the hands-on practice of commercial truck driving, with students completing inspections and practicing backing, parking, and driving skills, both on the driving the range and out on the road. Additionally, In addition, this course covers the importance of preventative maintenance and recognizing and reporting

malfunctions in accordance with Federal Motor Carrier Safety Administration (FMCSA) regulations Using online modules, classroom lecture and participation, out-of-seat lab activities, driving range skill practice and homework assignments, students gain the foundational knowledge to prepare for a career as a well-rounded transportation professional.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
CDL2323	Safe Vehicle Operation and Road Hazards	5.0	44	36	0	20	CDL1112

This course includes the hands-on practice of commercial truck driving, with students completing inspections and practicing backing, parking, and driving skills, both on driving the range and out on the road. Additionally, this course will prepare students to engage in active hazard perception when driving on the road, as well as extreme driving conditions and railroad crossings. Using online modules, classroom lecture and participation, out-of-seat lab activities, driving range skill practice and homework assignments, students gain the foundational knowledge to prepare for a career as a well-rounded transportation professional.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
CNA0111	Nursing Assistant Theory and Skills	0.0	64	44	0	0	None

This course is designed to provide the student with the necessary skills and training to be a Nursing Assistant/Home Health Aide emphasizing on the emotional, mental and physical well-being of both the patients' and their families. The theory and skills cover essential topics including: anatomy and physiology, medical terminology, infection control, nutrition, safety and emergency procedures, personal care, patient's rights, medical law and ethics, and basic nursing principles.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
CNA0210	Nursing Assistant Clinical	0.0	0	0	32	0	CNA0111

This course introduces the clinical portion of the nursing assistant. The student will implement basic nursing care to geriatric residents at a nursing and rehabilitation center. The course introduces the importance of rehabilitation and restorative care, as well as care of the confused or aging resident.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
DEN1100	Introduction to Oral Healthcare	3.5	50	0	0	12.5	None

This course presents students with the foundation of preventative dentistry, periodontal disease, dental caries, nutrition and oral pathology.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/ Clinical	Outside Hours	Pre – requisite(s)
DEN1110	Introduction to Dental Assisting	3	40	10	0	12.5	None

This course provides students with the fundamentals and applications of dentistry. Topics include: an overview of dental history, regulatory and advisory agencies for dentistry, the professional dental assistant, dental treatment planning, dental specialties, and pharmacology in dentistry.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/ Clinical	Outside Hours	Pre – requisite(s)
DEN2210	Dental Materials	3	30	20	0	12.5	DEN1110

This course presents students with the opportunity to be introduced to topics related to restorative and esthetic dental materials. Students will have the opportunity to learn the properties of dental materials, including mechanical properties, thermal change, electrical properties, corrosive properties, solubility, and application properties. They will have the opportunity to learn about direct restorations using amalgam and indirect restorations using gold-noble metal alloys and ceramic castings.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/ Clinical	Outside Hours	Pre – requisite(s)
DEN2220	Chairside Procedures	3	30	20	0	12.5	DEN1100

In this course, students learn how to identify and respond to medical and dental emergencies, record and interpret vital signs, and apply first aid. The use and application of moisture control and the matrix system is reviewed to provide students with an understanding of its use in patient care. The advanced skills and knowledge necessary for the dental assistant to work in the following areas are covered: periodontics, orthodontics, and oral surgery.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/ Clinical	Outside Hours	Pre – requisite(s)
DEN2230	Chairside Assisting	6	40	60	0	25	DEN1100

In this course, students learn the fundamental skills of dental chairside assisting. Topics covered include: infection control, the oral dentistry exam, dental instruments, dental tray set-ups, chairside assisting, dental charting, review and overview of dental materials in application, topical anesthesia, syringes, public health dentistry, pediatric dentistry, endodontics, prosthodontics, and cosmetic dentistry.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/ Clinical	Outside Hours	Pre – requisite(s)
DEN2240	Safety Standards and Infection Control	3	40	10	0	12.5	DEN1110

This course provides students with both the theory and practical understanding of safety standards and infection control as applied to dentistry. Topics include: OSHA blood-borne pathogen rules and regulations, disease prevention, introduction to microbiology, the role of the dental office safety officer, personal safety and barrier protection instrument recirculation, environmental surface and equipment asepsis, dental laboratory asepsis, infection control in dental radiography, waterlines and biofilms, hazard communication, occupational environmental hazards, office emergency procedures, office communications regarding infection control, and legal and ethical considerations.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
DEN2310	Dental Radiography	3	30	20	0	12.5	DEN2220; DEN2230

This course provides students with a general overview of the principles of dental radiography, measurement of radiation, radiation protection, and radiobiology. Students become skilled and knowledgeable in the proper handling and processing of x-ray film, the taking of dental x-rays, and digital imaging systems.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
DEN2320	DA Capstone	2.5	20	20	0	10	DEN2220; DEN2230

This course covers both job readiness and certification preparedness. Students practice job seeking skills including: cover letters, resumes, references, employment applications, and job interview skills. Students also prepare for their certification exams through practice tests and review. Students review updated OSHA regulations.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
DEN2325	DA Seminar	6	0	0	160	40	Final Term or Permission of PD

This course applies knowledge learned throughout the program by reviewing and completing projects whereby students show understanding of dental concepts. Students practice critical thinking skills and complete a research project covering current healthcare topics. \*Used to replace DEN2330 during COVID-19 only.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
DEN2330	DA Externship	6	0	0	160	40	Final Term or PD Permission

Students are placed in a dental facility to practice clerical and clinical skills for a total of 160 hours. Students have oversight from both a campus and externship site representative, including the evaluation of the student on site. Students do not receive remuneration for externship/clinical, as this experience is a part of their education and cannot be used in place of a staff member on site.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
EST1110	Hair Removal	3	30	20	0	12.5	None

Presented is the morphology of hair, hair growth, hair removal techniques as well as the tools and supplies needed to perform hair removal. This course introduces basic concepts while students learn and discuss advanced methods for both temporary and permanent hair removal for the entire body. Waxing methods for each area of the body are demonstrated and practiced in a spa clinic setting.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
EST1120	Practical Applications	6	40	60	0	25	None
Students learn and perform the European facial on fellow students in a spa clinic setting. Students are exposed to a variety of customized facials to practice each phase of the facial in order to become proficient in the delivery of a quality service. Students perform client consultation, skin analysis, client communications, and record keeping.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
EST1210	Make Up and Color	3	20	30	0	12.5	EST1120
This course introduces students to color theory, face proportions, and standard face shapes. Makeup applications, tools, and corrective and camouflage techniques are discussed and demonstrated to expand the understanding of application following specific cosmetic procedures.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
EST2220	Exfoliation Applications	6	40	60	0	25	EST1120
Students learn about physical and chemical exfoliation techniques supported by professional protocols for optimal skin care results through skin analysis. These protocols provide options for client preference with service type and ingredients in the skin care industry.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
EST2230	Body Treatments	3	20	30	0	12.5	EST1120
Students learn the techniques and types of body treatments supporting wellness and skin care goals. Students are introduced to aromatherapy, body scrubs, and spray tanning treatments to enhance knowledge in whole body skin care.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
EST2240	Clinical Applications	6	40	60	0	25	EST1120
Students become familiar with machine units by practicing skin care procedures. The course places an emphasis on safety and sanitation during the operation of machines through practical application.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
EST2310	Advanced Topics in Esthetics	1	10	10	0	5	EST2220
This course expands students' confidence in educating clients on post treatment consultation and home care planning as part of advanced skin care services. Treatment concepts for mature and actinic damaged skin are covered. Students are introduced to UVA and UVB to become skin care advocates for client goals through advanced treatments and skin protection. Students practice the chemical exfoliation process to support the skin care goals of advanced topics.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR1100	Theory of Heat	4.0	45	15	0	15	None
This course introduces students to theories of heat including concepts such as temperature, the British thermal unit, heat flow, transfer of heat, pressure, and matter and energy. Students also practice basic mathematics in relation to course content such as conversions and measurements.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR1110	HVAC Concepts	3.5	30	30	0	15	None
Students are introduced to a variety HVAC Concepts including the basics of refrigeration, refrigerant chemistry, EPA mandates as they pertain to recovery and proper disposal of refrigerant chemicals, as well as, introduction and practice in working with materials such as, hard and soft copper tubing, iron and plastic pipe, and several refrigerant compounds.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR1120	HVAC Electrical Systems and Circuits	4.0	45	15	0	15	None
This course includes basic theory of electricity as it applies to the program with an emphasis placed on safety. Students will be introduced to the following concepts: Ohms' Law, AC and DC electrical circuits, electron theory, volts, ohms, circuits, electrical measurements, magnetism, solenoid coils, relays, and induction motors. Students will trace electrical circuits, operate electrical simulator boards, and make thermostat adjustments.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR1130	HVAC Mechanical Systems and Motors	3.5	30	30	0	15	None
HVAC Mechanical Systems Students are introduced to types of electric motors and their applications. Students also learn about motor controls and how to troubleshoot electric motors. This course includes information on blowers, controls, duct work, and air flow.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR2210	Electric and Gas Heat	3.5	30	30	0	15	HVR1100; HVR1110; HVR1120; HVR1130
This course covers furnace applications, specifically with electric and gas heat. Students will learn to check, operate, and install control and power wiring systems, controls, and components. Students will apply load calculation, duct sizing, and related information to properly design a residential heating and cooling system.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR2220	Oil and Water Based Heating Systems	3.5	30	30	0	15	HVR1100; HVR1110; HVR1120; HVR1130
Students will continue study in heating systems through oil and water-based systems. This course includes continued application of calculation, duct sizing, and related information to properly design a residential heating and cooling system.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR2230	Air Conditioning and Heat Pumps	3.5	30	30	0	15	HVR1100; HVR1110; HVR1120; HVR1130
This course includes theory and application of air conditioning and heat pumps.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR2240	Refrigeration Concepts	3.5	30	30	0	15	HVR1100; HVR1110; HVR1120; HVR1130
Students continue study in refrigeration concepts by discussing both commercial and residential refrigeration. This course includes information on evaporators, condensers, compressors, and expansion devices.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR2250	Field Operations	4.0	45	15	0	15	HVR1100; HVR1110; HVR1120; HVR1130
This course includes information on safety, tools and equipment, and basic practices. Students learn about customer service, writing up service orders, and other applications of field work.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR2260	Automatic Control Systems	3.5	30	30	0	15	HVR1100; HVR1110; HVR1120; HVR1130
Students learn about automatic controls, their components and applications, and basic troubleshooting of basic controls. This course includes information on Direct Digital Controls and Pneumatics.							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR2310	HVAC Capstone	3.5	30	30	0	15	Final Term or Permission of PD

This course covers both job readiness and service call preparedness. Students practice job seeking skills including: cover letters, resumes, references, employment applications, and job interview skills. Students also prepare for their externship through service call simulations and scenarios and take EPA certification.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
HVR2320	HVAC Externship	3.0	15	0	60	18.75	Final Term or Permission of PD

Students are placed with an HVAC company to practice technical skills for a total of 60 hours. Students have oversight from both a campus and externship site representative, including the evaluation of the student on site. Students do not receive remuneration for externship/clinical, as this experience is a part of their education and cannot be used in place of a staff member on site.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
INT1100	Introduction to Computers	3	30	20	0	12.5	None

This course gives students both an overview in keyboarding and in practical computer applications. Students will begin by understanding the fundamentals of keyboarding including keyboard operation and the fundamentals of word processing including justifications, centering, font settings, tabs, block text, and formatting documents. Students will continue in the course by practicing fundamentals of Microsoft Office: Word, Excel, and PowerPoint through projects.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1100	Medical Terminology	3.5	50	0	0	12.5	None

This course covers basic techniques of medical word building, including: basic medical concepts and terms and structures of all body systems. This course concentrates on building a basic foundation and framework of the language of medicine. Through memorization and practice in spelling and pronunciation of medical root words and the prefixes and suffixes presented, the student will be able to analyze numerous medical terms; gain a solid base on which to build a larger vocabulary; spell medical terms correctly; recognize these terms in dictation; and understand the context in which that word will be applied.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1110	Anatomy and Physiology Foundations	3.5	50	0	0	12.5	None

This course presents the study of body systems including the structure, function and diseases of each body system. A foundation of nutrition principles is introduced, and the application of those principles in daily dietary practice is explored.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1120	Introduction to Medical Assisting	3	30	20	0	12.5	None

This course introduces students to the theory, skills, and tasks performed by a Medical Assistant. Students will gain an understanding of infection control, medical/surgical asepsis, and the importance of Universal Precautions. Students will learn how to create and maintain a medical record and how to properly document the patient assessment and interview process into the medical record. In addition, students will learn to accurately obtain and record vital signs, symptoms, and mensuration. Students will also learn to assist the physician with physical examination as well as maintaining the examination room.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1150	Introduction to Medical Billing and Coding	3	30	20	0	12.5	None

This course presents a basic knowledge of the theory and principles of ICD-10 and CPT coding. Students will be introduced to insurance terminology and regulations and will learn about the various types of health insurance offered in the United States. Students will learn the official coding rules and guidelines and apply those rules when assigning valid diagnostic and/or procedure codes.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1160	Fundamentals of Medical Coding	3	30	20	0	12.5	None

This course explores Current Procedural Terminology and International Classification of Diseases. Basic theory and coding principles are introduced and applied to clinical scenarios. Students will combine skills related to patient records with both diagnostic and procedural codes to ensure the correct preparation and management of insurance claims.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1211	Pathophysiology	3.5	50	0	0	12.5	MED1100; MED1110

This course is designed to identify abnormal pathologic changes that occur within the human body. Students will be provided with a basic introduction of the cause of common diseases and disorders that effect each body system. An emphasis will be placed on etiology, signs and symptoms, diagnosis and treatment.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1220	Clinical Examination Procedures	3	30	20	0	12.5	MED1120

This course exposes the student to skills, tasks, and procedures performed by the Medical Assistant. An emphasis will be placed on the preparation and assistance needed by the physician for various office examinations including: ophthalmology and otolaryngology, pediatrics, minor office surgery, cardiopulmonary procedures, and the administration of medication.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1230	Medical Office Procedures	3	30	20	0	12.5	INT1100
<p>This course presents general alphabetizing rules and computer operation using medical computer software. The student will learn to perform many administrative tasks of the medical office, including: scheduling appointments, creating patient charts, utilizing a basic knowledge of patient's charges and payments, and practicing correct telephone procedures and etiquette. This course also simulates a medical office with the keeping of a manual appointment book, patient files, and answering incoming patient calls. Student will also obtain a firm grasp of the daily duties including: time management, professional expectations, and the importance of good communication between the office staff, the doctor, and the patient. A section is taught on basic calculations using a fee schedule, ROA (received on account) payments, NSF (non-sufficient funds) entries, insurance adjustments, professional courtesy, refunds, and write-offs. Instruction is given on how to complete weekly payroll cards: calculating gross income and federal deductions such as FICA and state taxes.</p>							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1240	Electronic Health Records	3	30	20	0	12.5	INT1100
<p>This course contains real-life examples of how electronic health record systems are being used to improve healthcare and how they might be used in the future. In this course, students discuss common issues often arising during the conversion of paper to electronic health records. Students will also explore issues of security and patient privacy as pertained to EHR systems. Students will learn how to enter data into an EMR through hands-on assignments utilizing electronic simulations. The course will also focus on both the electronic health record and the administrative procedures used.</p>							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1250	Fundamentals of Health Insurance	3.5	50	0	0	12.5	MED1150
<p>This course will provide students with a foundation in the basic concepts pertaining to private and public-sector health insurance/benefit plans, both as provided by employers and government agencies such as Medicaid and Medicare. Upon completion of the course, students will understand major issues related to the design, function, management, regulation, and evaluation of health insurance and managed care plans. The goals of managed care and how to differentiate between various plan approaches is discussed along with how consumer driven health plans, health reimbursement arrangements, and health savings accounts function.</p>							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED1300	Medical Law and Ethics	3.5	50	0	0	12.5	None
<p>This course introduces students to the legal principles and ethical issues affecting all healthcare professionals in the United States. Issues covered in this course include: the importance of personnel having knowledge of the law, what constitutes a standard of care, parameters of responsibility, and functioning within the legal system. Medical malpractice, divisions between criminal and civil law, formation of a contract, breach of contract and how to terminate a contract, as well as negligence of malpractice, informed consent, practicing preventive medicine and malpractice insurance are covered in this course. This course also discusses the responsibilities of practice and what constitutes privacy, confidentiality, and privileged communication.</p>							

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/ Clinical	Outside Hours	Pre - requisite(s)
MED2220	Clinical Laboratory Procedures	6	40	60	0	25	MED1120

This course acquaints students to the duties performed in the clinical laboratory by Medical Assistants. Topics will include: lab safety, quality control, collecting and processing specimens, and performing CLIA waived tests as well as procedures related to colon, obstetric, and gynecology. Guidelines for handling, transporting, and recording of lab specimens will be reviewed. Students will learn the venipuncture procedure, along with basic hematology testing. An overview of Occupational Safety and Health Administration (OSHA) and Clinical Laboratory Improvement Amendments (CLIA) regulations will be discussed. The basics of hematology, blood and urine chemistries, and microbiology will be introduced.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/ Clinical	Outside Hours	Pre - requisite(s)
MED2250	Integrated Medical Billing and Coding	3	30	20	0	12.5	MED1150; MED1160

In this course, students will extract information from the health record for the accurate use of CPT and ICD-10 coding for clean claim submission. An emphasis is placed on the review of claims prior to submission and the resubmission of denied claims. At the end of this course, students will understand the complete billing process and the importance of the utilization of current official coding rules and guidelines. Emphasis is placed on case study and problem solving, where codes will be assigned for intermediate and advanced clinical cases using case scenarios and excerpts from health records.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/ Clinical	Outside Hours	Pre - requisite(s)
MED2260	Advanced Medical Coding	3	30	20	0	12.5	MED1150; MED1160

In this course, students will learn to master and apply advanced CPT and ICD coding rules. The correct use of modifiers, specific codes, and section guidelines will be introduced, and the importance of CPT and ICD-10 annual updates discussed. Critical steps for better reimbursement through increased accuracy and compliance in coding is explored and emphasis is placed on coding accuracy and attention to detail.

MED2311	Pharmacology Principles	3.5	50	0	0	12.5	MED1110; MED1211

This course includes information on human diseases and conditions, breaking down the mechanisms of each disease. Students consider the study of human disease: genetics, immune disorders, preventive health care, traditional and non-traditional medicines, and patient teaching. This course also includes cancers with foundational information about the pathology, pathogenesis, and prognostic indicators of the disease (staging and grading of tumors). F

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED2320	MA Externship	6	0	0	160	40	Final Term or Permission of PD

Students are placed in a healthcare facility to practice clerical and clinical skills for a total of 160 hours. Students have oversight from both a campus and externship site representative, including the evaluation of the student on site. Students do not receive remuneration for externship/clinical, as this experience is a part of their education and cannot be used in place of a staff member on site.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED2325	MA Seminar	6	0	0	160	40	Final Term or Permission of PD

This course applies knowledge learned throughout the program by reviewing case studies and completing projects whereby students show understanding of healthcare concepts. Students practice critical thinking skills and complete a research project covering current healthcare topics. \*\*Students may take this course to replace MA Externship with approval.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED2330	MA Capstone	2.5	20	20	0	10	Final Term or Permission of PD

This course covers both job readiness and certification preparedness. Students practice job seeking skills including: cover letters, resumes, references, employment applications, and job interview skills. Students also prepare for their certification exams through practice tests and review. The student will review updated OSHA regulations along with discussion on Hepatitis B and the HIV virus.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED2340	MBCS Capstone	2.5	20	20	0	10	Final Term or Permission of PD

This course covers both job readiness and certification preparedness. Students practice job seeking skills including: cover letters, resumes, references, employment applications, and job interview skills. Students also prepare for their certification exams through practice tests and review.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/Clinical	Outside Hours	Pre – requisite(s)
MED2345	MBCS Seminar	6	0	0	160	40	Final Term or Permission of PD

This course applies knowledge learned throughout the program by reviewing and completing projects whereby students show understanding of Medical Billing and Coding concepts, as well as professionalism within the

workforce . Students practice critical thinking skills and complete a research project covering current healthcare topics. \*Used to replace MED2350 during COVID-19 only.

Code	Course Name	Academic Credits	Lecture Hours	Lab Hours	Extern/ Clinical	Outside Hours	Pre – requisite(s)
MED2350	MBCS Externship	6	0	0	160	40	Final Term or Permission of PD

Students are placed in a healthcare facility to practice clerical skills doing a variety of insurance forms and billing for a total of 160 hours. Students have oversight from both a campus and externship site representative, including the evaluation of the student on site. Students do not receive remuneration for externship/clinical, as this experience is a part of their education and cannot be used in place of a staff member on site.
